UtahState University
DEPARTMENT OF MATHEMATICS & STATISTICS

Greetings from the Mathematics and Statistics Department at Utah State University.

We are sending you this email because you are on our contact list for the State Math Contest (SMC) which will be held on the USU Logan campus on Monday, March 11, 2013, and at a small number of other testing sites. Testing will start at 9 am and end by 12 noon at the latest.

If you are not the contact person at your school for this event, please respond to this email and let us know the person at your school with whom we should communicate. By early December, 2012, we will have a link on our department website: http://www.math.usu.edu//index.php?program=smc which has more information about the contest details and a link to the registration process.

The registration/payment period will begin on December 1 and continue through March 3, 2013. The early registration cost remains $15 per student registered (early registration ends on February 18, 2013 at 11:59 p.m.). Late registration cost per student will be $20 and begins on February 19, 2013 at 12:00 a.m. and ends on March 3, 2013 at 11:59 p.m. No registration is possible after March 3, 2013. Schools who have registered will receive further details prior to the contest. When registering, please provide:

- full name of and the mailing address for your school;
- name, e-mail and phone number for the contact person at each school;
- number of students to be registered at each grade level
- site at which you and your students will attend

The SMC committee wants you to know that the test will consist of questions drawn from the following topics: Geometry, Algebra, Number Theory, Combinatorics, and Probability, in roughly equal numbers for each topic. As was the case last year, there will be two levels of tests – junior (7-9 grades) and senior (10-12 grades).

Students will receive lunch after the test period. Teachers, bus drivers, and adults accompanying students will have a breakfast available upon arrival (approximately 8 – 9 am) and lunch with your students between 11:30 am – 1 pm. We do ask that teachers and adults accompanying students assist with the supervision of their school's students during lunch.

If you have any questions, please contact Nancy Smart, nancy.smart@usu.edu, and she will do what she can to get you the help you need.
Thanks, and we look forward to having your school participate in the State Math Contest in March, 2013.
