

THE ULTIMATE LEADERSHIP EXPERIENCE

Mission: To promote personal growth and leadership development through Family and Consumer Sciences education.

- Family, Career and Community Leaders of America (FCCLA) is a nonprofit national Career and Technical Student Organization (CTSO) for young men and women in Family and Consumer Sciences education, in public and private school grades 6-12.
- Since 1945, FCCLA members have been making a difference in their families, careers, and communities by addressing important personal, work and societal issues through Family and Consumer Sciences education.
- Involvement in FCCLA offers members the opportunity to expand their leadership potential and develop the skills for life-planning, goal setting, problem solving, decision making, and interpersonal communication necessary in the home and workplace.
- FCCLA chapter projects focus on a variety of youth concerns, including teen pregnancy, parenting, family relationships, substance abuse, peer pressure, the environment, nutrition and fitness, teen violence, and career exploration.

"FCCLA has benefited me in so many ways! It has helped me decide what career path I wanted to pursue and given me the skills to do so. I have gained so many amazing friendships and knowledge, through competing in STAR events and attending conferences. My life wouldn't be the same without FCCLA."

GOALS

Utah FCCLA Chapter Goals 2023-2024:

1. Complete a national FCCLA program.
2. Increase membership.
3. Hold a recruitment event, community service project, and a STAR event activity.

SERVICE

As FCCLA members work together, they become aware of themselves, their responsibilities as citizens, and their roles as future community leaders. This year, Utah FCCLA members will support Operation Smile. Operation Smile provides world-class cleft care—surgery and dental care—to thousands of children each year. For every \$240 raised a child gets a new smile.

TEACHING

As FCCLA members complete service projects within their school and community, and as they participate in competitive events, they demonstrate their ability to teach members of their families, schools, and communities. "I love being around these kids. They have so much energy and a love for learning. I want to continue in my pursuit of an education in teaching," said Kristen.
