SECONDARY SCHOOL LEVEL EMERGENCY COMPLIANCE AND ASSURANCE FORM

Schools should certify to the School District Administration/Charter School Board Chair that the Emergency Preparedness and Emergency Response Plan (“Plan”) has been developed and customized to the specific needs and requirements of the facility and has been practiced at the school level, presented to and reviewed by its teachers, administrators, students and their parents, local law enforcement, and public safety representatives consistent with Utah Code Section [53G-4-402\(18\)](#) and Administrative Rule [R277-400](#).

School Name:	Check box if Charter School
Address:	
City:	State:
Zip:	Grades Housed:

- The Plan has been practiced at the school level, presented to and reviewed by its teachers, administrators, students and their parents, local law enforcement, and public safety representatives.
Yes Date: No
- School has appointed a committee to prepare, modify, or adjust the existing Plan to meet individual school needs and features; to satisfy Rule; to include governmental agencies and bodies vested with responsibility for directing and coordinating emergency services on local and state levels.
Yes No
- A copy of the Plan has been sent to the LEA superintendent's office or charter school director's office for filing.
Yes No

4. At the beginning of each school year parents and staff have received written notice of relevant sections of the Plan, applicable to the school.
Yes Date: No

5. School shall designate an Emergency Preparedness/Emergency Response week each year before April 30th year.
Yes Date: No

6. The Plan contains measures that assure students receive reasonable, adequate educational services and supervision during school hours during an emergency and for education services in an extended emergency situation.
Yes No

7. Plan shall include evacuation procedures that provide reasonable care and supervision of a students until the student is released to a responsible party.
Yes No

8. School staff shall not release a student who is under 15 years old unless a parent or other responsible person has been notified and assumed responsibility for the student.
Yes No

9. The Plan shall include procedures to address access to public school buildings by students, community members, lessees, invitees and others. Plan shall also include procedures regarding access during identified time periods and possession and use of school keys by designated administrators and employees.
Yes No

10. The Plan shall include resources and materials available for emergency training for employees.
Yes No

11. The Plan shall provide procedures for students to receive age appropriate emergency preparedness training including: rescue techniques, first aid, safety measures appropriate for specific emergencies, and other emergency skills.
Yes No

12. School has established a parent and student reunification plan. A summary of parental expectations and notification procedures related to the plan is provided annually at registration and enrollment and the summary is published on the school's website.
Yes No

13. Fire Drills and Other Emergency Drills:

Secondary schools shall conduct all fire drills in accordance with Section [15A-5-202.5](#).

Each school shall have an emergency evacuation drill for fire conducted **at least every two months**, to a total of four emergency evacuation drills during the nine-month school year. The **first** emergency evacuation drill for fire shall be conducted within 10 school days after the beginning of classes. The **third** emergency evacuation drill for fire, weather permitting, shall be conducted 10 school days after the beginning of the next calendar year. The **second** and **fourth** emergency evacuation drills may be substituted by a security or safety drill to include shelter in place, earthquake drill, or lock down for violence.

Note: Schools that include both elementary and secondary grades in the school shall comply with the elementary emergency drill requirements.
