Total Credits		37

Note: Students completing the Visual Impairments program within the State of Utah complete the program through the Multi-University Consortium Teacher Preparation Program in Sensory Impairments (Consortium). The Consortium currently includes the University of Utah and Utah State University. Through the Consortium, students complete their special education requirements through the university to which they are admitted. All students complete the Visual Impairments specialization courses through the University of Utah while registering through their university.
