## School-based Mental Health Qualifying Grant Program Fiscal Projections FY25

This document provides fiscal projections for the School-based Mental Health Qualifying Grant Program for Local Education Agencies (LEAs). These projections were calculated in accordance with Utah Code Section 53F-2-415 and Utah State Board of Education (USB E) Rule R277-622. A few notes about these projections:

1. These projections are based on 100% participation from all eligible LEAs and RESAs in the program this fiscal year. October 1, 2023 headcounts were utilized for this estimate with two exceptions; the highlighted LEAs with *italicized font* for which FY25 projections were used as these schools are not yet open and Regional Education Service Agencies (RESAs), which were provided projections based upon the member districts in their region.
2. In order to qualify for this funding, each LEA will need to complete the steps outlined in the School-based Mental Health Qualifying Grant Program application or annual plan update document(s) that will be released in spring of each year. These steps conclude with the LEA application or annual plan update being approved by USB E.
3. Awards to LEAs with a USB E approved application or annual plan update will be made through the Utah Grants Management System.
4. Based on the number of LEAs that have USB E approved applications or annual plan updates, additional one-time allocations may be awarded to LEAs who demonstrate an intent to collaborate with the local mental health authority of the county the LEA is located. Additional allocation awards may ONLY be used for collaboration with the local mental health authority in which the LEA is located. Notification of an available allocation will be sent following the close of the application cycle. The additional allocation would be available by October 1st.

\*October 1, 2023 headcounts were utilized for this estimate with two exceptions; the highlighted LEA with *italicized font* for which FY25 projections were used as these LEAs are not yet open, and the RESAs, which were provide projections based upon the member districts in their region.
