

**Annual Performance Report on Utah's State Performance Plan
Academy for Math Engineering & Science**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
American International School of Utah**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Ascent Academies of Utah**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Bear River Charter School**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Bonneville Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Canyon Grove Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
The Center for Creativity, Innovation and Discovery**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
CS Lewis Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Davis School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Duchesne School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Edith Bowen Laboratory School**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Entheos Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Freedom Preparatory Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
George Washington Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Granite School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Hawthorn Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Jefferson Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Juab School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Karl G. Maeser Preparatory Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Leadership Learning Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Logan School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Maria Montessori Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Moab Charter School**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Mountain Heights Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Murray School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Nebo School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Northern Utah Academy for Math, Engineering, & Science**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
North Summit School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Ogden Preparatory Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Paradigm High School**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Piute School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Ranches Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Renaissance Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Roots Charter High School**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Salt Lake City School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Scholar Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
South Sanpete School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Spectrum Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Summit Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Terra Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Tintic School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Tuacahn High School for the Performing Arts**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Utah Career Path High School**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Utah Schools for the Deaf and Blind**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Vanguard Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Voyage Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Wasatch School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

**Annual Performance Report on Utah's State Performance Plan
Washington School District**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

**Annual Performance Report on Utah's State Performance Plan
Weber State University Charter Academy**

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:

<https://www.schools.utah.gov/specialeducation/programs/datareporting>

FFY 2017

Publication Date: April 17, 2019

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 17 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on applicable indicators, as part of the Annual Performance Report (APR).

Current and past Annual State and LEA APR Reports and the State Systemic Improvement Plan (SSIP) may be viewed at:
<https://www.schools.utah.gov/specialeducation/programs/datareporting>

Winter Sports School APR Determination: Meets Requirements
