Setup Instructions for Wimba Participants

Disabling Popup Blockers

Internet Explorer:

1. Click on Tools, Pop-up Blocker, Turn Off Popup Blocker
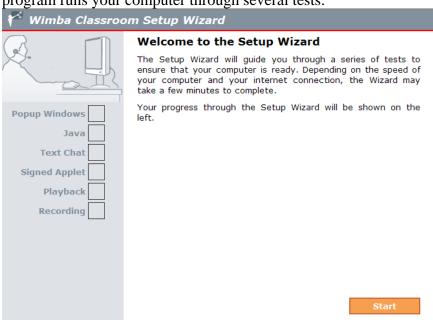

Google:

1. Find icon with window icons and block symbol:

2. Click on the icon, changing it to "Popups okay"

Logging In

1. Go to the website at http://67.202.210.76/launcher.cgi?room=k12_alangriffin. If the first screen you come to says "Participant Login", type a name in the top box and click "Enter".
2. From the "Is Your Computer Ready?" screen, click on "Run Wizard"

3. Click the "Start" button on the "Welcome to the Setup Wizard" screen. Wait while the program runs your computer through several tests.

4. Click on "Next" on the screen entitled "Allowing Signed Applet (Instructions)"

5. If you are given a security warning box about the digital signature being verified, click on the "Run" button.

6. Click on "Next" when you hear a congratulations message from the Testing Wimbamedia Audio Playback screen.

7. If you have a set of headphones with a microphone, you can click on "Next" on the Testing Wimbamedia Audio Recording screen. If you don't have a microphone, click "Next" anyway.

8. From the "Congratulations! Your computer has passed the Wizard" window, click "Launch" You may be taken to the Open Rooms menu. Select "Alan Griffin"

9. You should now be set up to receive the broadcast and will not need to setup WIMBA again on this computer.
