Total: 1800 mins.

300 mins.

For every 60 minutes of instruction credit, a minimum of 50 minutes of actual instruction/discussion time is required. Drivers completing recertification may meet the above classroom requirements by attending courses taught at a network of certified statewide classroom sites. This creates greater flexibility and less duplication of effort. These classes may include both pre-service and recertification drivers. **Drivers failing to recertify according to these standards will be disqualified from service.**
