Short-Term Removal

- School personnel may remove a child with a disability who violates code of conduct to interim alternative setting, another setting, or suspension for not more than 10 school days to the extent such removal applies to children without disabilities. (Assuming no special provisions in the student's IEP)
- IDEA does not mention multiple removals of less than 10 days each but the final regulations do.

	34 CFR § 300.530(b)
	<p>(b) <u>General.</u> (1) School personnel under this section may remove a child with a disability who violates a code of student conduct from their current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than 10 consecutive school days (to the extent those alternatives are applied to children without disabilities), and for additional removals of not more than 10 consecutive school days in that same school year for separate incidents of misconduct (as long as those removals do not constitute a change or placement under § 300.536).</p>
