

School Climate Survey

Student Grade K-2

Start of Block: Default Question Block

Today you will be taking an important, short survey about your experience at school.

The information you provide in this survey will remain confidential; this means your answers cannot be linked back to you.

Your honest answers to the questions in this survey will help the school be a safer and more welcoming place to be.

If you need help understanding words or questions, raise your hand and your teacher or another adult will help you.

After the survey, if you would like to talk about your thoughts or feelings, someone will be available in the main office.

The survey should take less than 10 minutes to complete.
