Career and Technical Education provides all students access to high-quality, rigorous career-focused programs that result in attainment of credentials with labor market value. [Credentials of Value](#)

Utah CTE classes are open to all qualified students without regard to race, color, national origin, sex, disability, or age.

**Student Testimonial**

**"I have come to love the CTE program** because it provides me with the opportunity to find both my strengths and my passions. CTE classes are essential to students, like me, who grew up in less populous areas. CTE is the medium through which students display their talent. CTE classes help mold students into who they want to be."

Andrew Grunander  
 Future Healthcare Professional

**Student Testimonial**

“My high school CTE experiences have set me up for triumph in my life, as well as my college and career pathway. Cosmetology has taught me great interpersonal skills that I never had before. The art of listening, communication, and professionalism are some of the most important skills I have acquired.”

Meadow Lee  
 Future Cosmetologist
