

THERE'S POWER IN TEACHING

Mission: Established in 1937 as Future Teachers of America, Educators Rising cultivates highly skilled educators by guiding young people on a path to becoming accomplished teachers, beginning in high school and extending through college and into the profession.

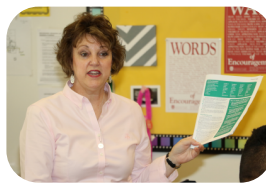

- Educators Rising is a national membership organization that provides students with authentic opportunities to experience teaching and build the skills they need to be successful educators.
- Educators Rising offers several opportunities for students to take leadership roles and represent the future of the teaching profession.
- Starting with high school students, we provide passionate young people with authentic opportunities to experience teaching, sustain their interest in the profession, and help them cultivate the skills they need to be successful educators.
- In high school, Educators Rising supports curricular programs where students explore the teaching profession and gain hands-on teaching experience. In college, Educators Rising supports campus-based student groups that promote the development of aspiring teachers.

"I love getting to know others who share the same passion as me, and I enjoy getting classroom experience at such a young age."

Ashtyn, Educators Rising Utah Assistant Superintendent

In Utah, CTSOs align with the national CTE Career Clusters® and 34 CTE Career Pathways.

At the annual Educators Rising National Conference students, from across the country, compete for national titles in more than 20 competitive events.

EdRising PROFILE

Educators Rising is a Career and Technical Student Organization (CTSO) dedicated to ensuring that the future is full of high-quality educators.

Thirty-nine states and regions are Educators Rising affiliates.

Educators Rising schools include middle/junior high and high schools.

More than 43,000 students have signed up as rising educators.

51 percent of the Educators Rising student network is comprised of students of color.

NATIONAL RECOGNITION

Educators Rising Utah student members competed at the Educators Rising National Conference in 22 competitive events.

GOALS

Educators Rising Utah Goals 2023-2024:

1. Increase membership by 3 percent.
2. Expand the number of school districts teaching the K-12: Teaching as a Profession Career Pathway.
3. Build chapter membership and the EdRising community by incorporating the "Chapter Pen Pal" program.

SERVICE

The Educators Rising service project focuses on members providing monthly service to their teachers and school community. This service project is a way of saying thank you to Utah teachers and the community while preparing to be an educator.

TEACHING

Through internships and student teaching experiences, Educator Rising members make a positive difference in the lives of children and young adults. "I had the opportunity to spend two hours every day as an intern. I gained an improved work ethic, better organizational skills, and speed. This has been an amazing experience," said Melodie.

Utah CTSOs are open to all qualified students without regard to race, color, national origin, sex, disability, or age.

Growing a Community

Educators Rising is a community-based movement that provides Grow Your Own programming through curriculum and supporting student activities. Chapters are provided classroom resources along with the opportunity to attend conferences where members, teacher leaders, and educators come together to showcase the skills they have gained in their education and training programs.

Visit EducatorsRisingUtah.weebly.com to view the calendar of state events.
