Foreword

This publication represents the combined efforts of staff members at the Utah State Board of Education (USBE). It is intended to be a single-source review of education-related legislation from the 2019 Legislative Session. This publication is written for state school board members, local education agency (LEA) board members, superintendents, charter school administrators, and school business administrators. It may also be useful to other public education-related organizations and to state legislators.

The main body of the publication reviews each education-related bill that was passed and identifies actions that might be taken by USBE, local school boards, and charter school governing boards to implement the requirements of the legislation. The publication also contains summary information on funding and bills not passed.

This publication is a service of USBE, but is not intended to convey any specific direction or assignments for action by local education agencies. The Utah State Board of Education will adopt administrative rules as necessary to implement new legislation. This publication is also not intended as a formal legal opinion or interpretation of legislative action.

Comments concerning this publication or suggestions
for improvement should be directed to:

Notes:

- Administrative funding for certain MSP categorical programs can be found in the "MSP Categorical Program Administration" line item in the State Board of Education's budget. Adding program and administration funding will provide the full-cost for the program.
- Includes one-time funding appropriated by the Legislature in FY 2019 or FY 2020, as follows: 2019 Special Education Add-on (\$8,600)
 - FY 2019 - Special Education Add-on (\$8,600), Flexible Allocation \$65,150,000, At-Risk Students \$300,000.
 - FY 2019 Supplemental - Educator Salary Adjustments \$4,300,000, Voted & Board Local Levy Programs (\$10,000,000), Digital Teaching & Learning \$187,600, Early Graduation from Competency Based Education (\$55,700), State Capitol Field Trips (from Flexible Allocation) (\$76,800), and Transfer to MSP Categorical Program Administration Line Item (\$1,247,100), Grades 1-12 \$10,000,000.
 - FY 2020 - Teacher and Student Success Program (\$10,000,000), Voted & Board Local Levy Programs (\$20,900,000), Beverly Taylor Sorenson Arts Learning Program \$1,000,000, Early Graduation from Competency Based Education (\$55,700).
- Transferred a total of \$10.0 million one-time from the Voted & Board Local Levy Programs to the Basic School Program - Grades 1-12 in FY 2019 to provide the State Board of Education flexibility to maintain categorical program funding levels as authorized under 53F-2-205.
- In the 2018 General Session, the Legislature consolidated the "Education Contracts" line-item into two existing MSP categorical programs. The Youth Center, which provides educational services to students at the State hospital, was combined into the Youth-in-Custody program. Funding for Corrections Education, which provides services to adults in state prisons, was combined into the Adult Education program. The Adult Education statute was changed to incorporate the corrections education program.
- Includes approximately \$4.3 million in funding for student transportation at the Utah Schools for the Deaf and the Blind.
- Education Fund Restricted (EFR) accounts created by the Legislature funded from state fund "savings" generated through increased property tax revenues collected by various tax rates that are part of the Basic Levy. When local school districts pay more of the cost of WPU's from the property tax, less state revenue is required. This state revenue is transferred to the restricted funds to support other education programs.
- Local school districts levy a tax rate for their contribution to the Charter School Local Replacement program. The revenue generated from the tax is deposited into the Education Fund Restricted - Charter School Levy Account and appropriated to the program.
- The Teacher and Student Success Program includes \$15.0 million appropriated in FY 2020 from the Education Fund. This program is funded from two sources, the Education Fund as mentioned, and the remaining funding from the EFR-Teacher and Student Success Account.
- The Legislature provided the State Board of Education to use nonlapsing balances for the following:
 - FY 2019 (18GS) up to \$5.0 million in Basic School Program balances to improve Board information technology systems and \$1.7 million to acquire analytical software for the Early Intervention Reading Software program.
 - FY 2019 (19GS) up to \$400,000 from the prior Pupil Transportation - Unsafe Routes program to develop an electronic reporting tool for pupil transportation information collected from school districts.
 - FY 2020 (19GS) up to \$445,800 in balances from the Charter School Administration and Charter School Local Replacement programs to provide a base funding level of \$40,000 for administrative costs for charter schools that enroll under 400 students.
- Statutory formulas used to calculate the State Guarantee Rate for the Voted & Board Local Levy Programs indicated an ongoing state fund savings of \$20.9 million. The Legislature opted to only reduce the funding one-time, keeping the ongoing funding in the program for calculation next year. This will allow for two-years of data to estimate if the savings is truly ongoing.
- The Legislature appropriated \$26.0 million ongoing to the Student Health and Counseling Support Program in FY 2020, but backed out \$10.0 million one-time. Total funding for the program is \$16.0 million in FY 2020, but the FY 2021 base budget will be \$26.0 million.
- The Legislature appropriated \$65,150,000 one-time from the EFR-Teacher and Student Success Account to the Flexible Allocation program in the FY 2020 base budget. After passage of SB 149 (19GS), the Legislature reversed this one-time appropriation to the Flexible Allocation program and appropriated the \$65,150,000 ongoing to the Teacher and Student Success Program in SB3. In addition to this base funding, the Legislature also appropriated \$15.0 million from the Education Fund and an additional \$18.8 million from the restricted account to the program.

<< The final table will be published in the annual report "Budget of the State of Utah" in May 2019 by the Office of the Legislative Fiscal Analyst. >>

2019 Notable Education Bills

Safe and Healthy Schools - HB 120 and HB 373

Purpose: To ensure physical and emotional safe school environments for all students through an increase in access to school-based mental health services.

W
H
A
T

- Distribute money to local education agencies (LEAs) for personnel who provide school-based mental health support.
- Create school teams to provide collaborative systems of support to decrease risk behavior/situations.
- DSAMH, DPS, and USBE will facilitate state-wide coordination of training, resources, and best-practices to meet school safety needs.

- Increase parent and community engagement in school safety efforts.

W
H
Y

- Connect at-risk and struggling youth with mental health services and resources and provide students with restorative practices.

- Reduce bullying in schools; lowering levels of student victimization and generating more favorable learning environments.

- Establish a problem-solving approach to preventing incidents of violence; such as school shootings and suicides.

- Reduce school suspensions and other disciplinary events.

- Expand Medicaid eligible school-based services to meet the needs of more students and families.

- Increase funding supports for the SafeUT Crisis Line.

- Instructs LEAs to develop a plan that includes goals for school safety, student engagement, and academic achievement.

- Strengthen partnerships with community mental health organizations, including the local mental health authority, and work collaboratively with parents to increase wrap-around services.

- Directs the State Board to provide training for all educators on trauma-informed practices.

Bill: HB 120

Sponsor: Ward and Millner

Bill: HB 373

Funding Acquired

HB 120

\$150,000 - Ongoing

Creation and implementation of a student support team pilot program

\$330,000 - Ongoing

School Safety technical assistance for district and charter schools including training, materials, curriculum, and USBE staffing for data analysis

\$150,000 - Ongoing

School-based mental health specialist to be hired by DSAMH

\$150,000 - Ongoing

School public safety law enforcement liaison hired by DPS

HB 373

- School-based mental health support personnel

- Contract services with the local health organization

Funding increases to \$26 Million in FY2021.

2019 Notable Education Bills

Public Education Information System Uniformity Act - SB 112

Purpose: To modernize legacy data systems and enable real-time access to inform decision making at all levels of the education system while also safeguarding against data breaches.

W
H
A
T

- Develop an information management system that serves as the mechanism for the Board to collect/report on all student, educator, and financial LEA data.
- The web-based user portal front-end will be accessible by all stakeholders utilizing defined user roles; and will contain data and reporting capabilities, dashboards, and other functional capabilities.
- The data collection/presentation back-end includes the infrastructure for data collection/reporting including a data warehouse and other necessary hardware and software.

W
H
Y

- The development and modification of USBE's legacy systems have been performed on an ad-hoc basis lacking architectural design or vision.
- Current integration and interoperability inadequacies have resulted in unnecessary USBE staff efforts to cleanse and scrub data to ensure compliance with Federal, state, and local requirements. This leaves little time for analyzing and interpreting data to assist LEAs with student achievement success.
- The system will provide: educators and counselors accurate and timely data to improve student performance; administrators seamless data to effectively and efficiently manage educators and school resources; and policy-makers quality data to evaluate student achievement and success of implemented initiatives.

H
O
W

- Develop an information management system that serves as the mechanism for the Board to collect/report on all student, educator, and financial LEA data.
- Agile system design for current and future student, educator, and financial LEA data collection
- Incorporate data collections/reporting requirements for all existing Federal, state and local regulations, and USBE Board rules.

Bill: SB 112

Sponsor: Anderegg and Lisonbee

Funding Acquired

\$17.2 Million - *One-Time*

Funding to be disbursed over the next 3.5 years to cover the following aspects of the project:

- Define Requirements
- System Architecture
- Network Implementations
- Computer Implementations
- Continuity of Operations Plan Implementations
- Transactional Database Development
- Data Warehouse Development
- Web User Interface Development
- Authorized Portal Interface Development
- Business Intelligence Development and Integration and Initial Report Creation
- Comprehensive Testing
- Documentation
- Training

2019 Notable Education Bills

School Fee Revisions - HB 250

Purpose: To ensure fees in the public schools do not create a barrier to full participation to any student, regardless of their financial circumstances.

WHAT

- Creates standards and requirements for student fee policies, fee schedules, and conditions for charging students fees.
- Clarifies and updates definitions, including updating the definition of "fee" and subparts of that key definition.
- Requires LEAs to provide fee waivers in appropriate circumstances, and to set clear policies and procedures for both waivers and appeals for fee waiver denial.

WHY

- Increase parents' awareness of LEA fees and fee policies so that they may make informed decisions.
- Ensure fee waivers are available for students, and that the students and guardians know the waivers and the appeals processes.
- Seeks to remedy previous school fees non-compliance and the Board monitoring of LEA fees.

HOW

- Updating rule-making authority for fee provisions, and amends corrective action provisions.
- Requires LEAs to have opportunities for public comments on proposed fee schedules before they are adopted.
- Requires LEAs to post their fee schedules on each of their school's websites.
- Requires a spending plan for each fee.
- Requires the Board to create a working group to study establishing cost centers and implementing activity-based cost.

Bill: HB 250

Sponsor: Lisonbee and Henderson

School Fees Task Force

As a result of an internal USBE and legislative audit, the School Fees Task Force was initiated to ensure that fees do not create a barrier in Utah schools.

The task force crafted a list of recommendations that have been implemented in revisions of R277-407, and have the same goal and the same standards for school fees and fee waivers as HB 250.

July 1, 2019: Bill takes effect

School Year
2020-2021

- Expensive school uniforms are fees and subject to waivers.
- Activities/classes with multiple fees must list fees on the schedule.

School Year
2021-2022

- Fees must be equal or less than the cost of the activity.
- Cannot use one fee to subsidize another fee or waiver.
- Board takes corrective actions.

School Year
2022-2023

- LEA may not sell textbooks or otherwise charge a textbook fee.

2019 Notable Education Bills

The following are notable bills which passed during the 2019 General Session.

SB 149

Teacher and Student Success Act

Requires a school to make an outcome-based program plan and provides for LEA oversight of school efforts to improve outcomes according to the school's program plan.

HB 118

Incentives for Statewide Assessment Performance

Allows use of a student's score on state-level assessments to improve the student's academic grade or demonstrate the student's competency. Prohibits providing nonacademic reward for taking certain assessments.

HB 236

Teacher Salary Supplement Amendments

Allows a teacher with 10 yrs or more experience in secondary level math, integrated science in grade 7-8, chemistry, physics, computer science, or special ed. to receive a salary supplement regardless of educational background.

HB 130

Public Education Exit Survey

Requires USBE to make rules regarding exit surveys for licensed public education employees. Requires LEAs to create/administer an exit survey to an educator leaving employment at the LEA, and to report the survey results to the Board.

HB 375

School Employee Background Checks

Exempts a school district or charter school that provides care to a qualifying child from submitting background check information to the Department of Health.

SB 166

School Readiness Amendments

Combines various preschool programs under the School Readiness Board (within DWS). Modifies UPSTART program provisions including the definition of "qualifying participant" and expands partnerships with UPSTART to private preschools.

HB 260

Access Utah Promise Scholarship Program

Creates the Program, which provides scholarships to students based on financial need, and reduces the Regents' and New Century scholarships to cover only tuition and fees at Utah public higher ed. institutions.

SB 37

Interventions for Reading Difficulties Sunset Amendments

Eliminates the Interventions for Reading Difficulties Program from pilot status. Extends the sunset date of the program to July 1, 2024.

HB 71

Health Education Amendments

Provides that health education instruction may include information about the medical characteristics, effectiveness, and limitations of contraceptive methods or devices.

HB 227

Utah Computer Science Grant Act

Creates a grant program to increase CS offerings in public schools. Requires an applicant to submit a written CS plan to the Board and the Talent Ready Board for approval and report the LEAs usage of grant money.

HB 416

Educational Services for Students in Human Services Programs

Requires an educational services plan to include specific information before a human services program submits a plan for licensure under DHS, and defines the terms.

HB 391

Modifications to Governmental Immunity Provisions

Waives an LEAs governmental immunity on injury claims resulting from sexual battery or abuse of a child by a school employee unless the LEA establishes an adequately implemented appropriate behavior policy.

SB 166 S3 School Readiness Amendments

Sponsors	Sen. Millner and Rep. Last
----------	----------------------------

Bill Summary	<p><u>High Quality School Readiness Amendments:</u></p> <ul style="list-style-type: none"> • amends provisions governing grants to become or expand an existing high-quality school readiness program; • combines the School Readiness Initiative with the High Quality School Readiness Program under the School Readiness Board (housed within the Department of Workforce Services); • provides final decision-making authority for awarding of all grants, and other decision-making authority over the following programs to the School Readiness Board: 1) School Readiness Initiative - Grants to help existing programs offered by LEAs and private providers become high quality programs; and 2) High Quality School Readiness Program - Grants for high quality programs to fund additional seats for eligible students; and • requires the State Board of Education to conduct evaluations of preschool programs overseen by the School Readiness Board and the UPSTART program and provide reports of the evaluations to the Legislature. <p><u>UPSTART Program Amendments:</u></p> <ul style="list-style-type: none"> • amends the definition of “Qualifying participant” to redefine the methodology for identifying high needs students. It removes previous language that articulated “low income – below 185% federal poverty guidelines” and shifts to a model that identifies students by school boundary 50% free or reduced lunch, high intergenerational poverty identified by DWS, or rural schools; • allows USBE to receive administrative costs from the existing UPSTART program administration fund. Previously, the administrative funding was limited to evaluation. This will allow USBE to implement sample monitoring during the program time of service, which has been recommended by previous audit findings; • allows private preschools to partner with UPSTART, which was previously limited to public schools; and • amends state audit requirements of UPSTART from an annual audit to an audit every 3 years.

Thank You!

At the close of this year's general session we wanted to recognize the teamwork that made it so powerful for the students and educators in the state. It takes the work of many individuals to effectively follow, manage, and participate in a legislative session. We would first like to thank our incredible partners and fellow stakeholders for their tireless work on behalf of the education community at large. We truly relish the opportunity to work side by side with all of our partners throughout the session to ensure the legislation passed meets the needs of our students, teachers, and school leaders, and look forward to our continued partnership on behalf of public education in the state.

Next, we would like to thank our dedicated legislators and legislative staff. We appreciate the joint effort that our elected officials continually put forward in engaging all education stakeholders. We are truly grateful for the incredible team effort our legislative officials and their staff undertook in crafting new and better ways for education to be provided to each child in a meaningful and impactful way.

Lastly, we would like to thank the State Board members and staff. We could not have been successful in the legislative session without the leadership of our State Board members and the support the USBE staff provides. We appreciate the Board's continued leadership in seeking to provide safe school environments, more options for enhanced early learning, effective personalized education, and the systems to support effective, high-quality educators. We thank USBE staff for their continued support of this vision and the countless hours spent on behalf of the board and education community in making sure every bill and budgetary request was carefully considered and improved upon.

Thank you again to everyone who participated and helped make this session a great success. We look forward to the continued effort in improving educational access and quality for every student and educator statewide.

Sincerely,

The Superintendency
