

Theory of Action

If Utah Adult Education...

Utah State
Board of
Education

Adult
Education

Then

- Measurable skills gains (MSGs)** will increase from 41% to 46%
- The percentage of students earning post-secondary credentials will increase from 14% to 20%
- The average hours in the program per student will increase from 92 to 100 hours
- The percentage of students leaving before 12 hours will decrease from 31% to 25%
- The percentage of students staying past 100 hours will increase from 20% to 30%
- 2nd quarter employment will increase from 26% to 32%
- 4th quarter employment will increase from 36% to 40%.

** MSGs include pre- post-test level gains, secondary completion, Carnegie credits, the passing of GED subtests, and students entering post-secondary education
