

FINANCIAL SERVICES

 **CTE** Learning that works for Utah

DISCOVER AND **EXPLORE** what you will learn by participating in one of the following **CAREER PATHWAYS**:

Finance Career Pathway

Prepares students with the knowledge and skills to formulate and analyze financial information for use in financial management. This Pathway can lead to careers such as a certified public accountant (CPA), auditor, financial advisor, financial officer, etc.

“After I graduate from high school I’m going to go to college to continue my schooling in business. I want to go into the accounting and finance because I love math and enjoy it. I plan on using all the skills I’ve learned in CTE while going to college and in my career after graduating from college.”
