Utah State Board of Education

# Turn Your Classes Into Opportunity

Build toward college or a career by earning a credential before you graduate.

## Meet First Credential

First Credential connects what you're doing in high school with where you want to go next. Graduate with valuable experience, skills, or college progress already behind you, saving you time and helping you move forward with a plan.

## Choose Your Personalized Path

Find your fit. Five options. Different opportunities.

**Concurrent Enrollment**
College credit
*12–18 college credits*

**CTE Pathway**
Career-focused courses
*Complete the pathway*

**Technical College**
Build a specialized skill
*Certificate or 300+ hours*

**Industry Credential**
Prove your skills
*Complete your credential*

**Youth Apprenticeship**
Paid work experience
*Complete 300+ hours*

**Earn a Credential. Unlock a Scholarship.**

Completing a First Credential can help you qualify for scholarship funds to use toward college tuition, fees, and books.

## Ready to Get Started?

01 **Talk with your counselor**
Explore which First Credential path fits your goals.

02 **Make a plan**
Choose the courses and experiences you'll need.

03 **Get started**
Add them to your schedule and begin working toward your credential.
