CHARTER SCHOOLS

2009-10

Created in 2004, the seven-member State Charter School Board serves as the primary governing authority for Utah's charter schools. Members of the State Charter School Board are Governor-appointed for two to four years. Appointees have demonstrated dedication to the purpose of charter schools and come from a variety of backgrounds, including parents of children attending charter schools,

State Board of Education alumni, and representatives from the business field. The Utah State Office of Education houses Utah's four-person charter school staff which, with the direction of the Board, serves the charter school community from school concept to approval, funding, and regulatory guidance.

Utah Rural Schools Association

The Utah Rural Schools Association is composed of 26 rural districts in the state of Utah. The purpose of the association is to provide quality education to all students in rural areas of the state.

The association's focus is on quality instruction, staff, and facilities. Ideas, research, successes, and sound educational practices are shared among the members at an annual conference. This rural schools conference has been held in Cedar City each year, with the cooperation of Southern Utah University. The campus at SUU has been opened to participants each July. This conference is a highlight for all of Utah's schools, not only the rural schools. Participation exceeds 500 individuals each summer, and the three-day experience presents nationally recognized leaders as keynote speakers and presenters.

In addition, teachers from rural schools develop carefully planned strands of workshops, and most presenters are practicing teachers from rural schools.

While some districts may be designated as "urban" districts, they still have rural schools within their boundaries; therefore, there can be no clear distinction as to which districts are totally rural and which are totally urban. The USOE has divided the state into four Regional Service Centers as well. These service centers, the Northeastern region, the Central region, the Southwestern region, and the Southeastern region, each contribute services to the rural areas.
