---

Unless otherwise noted, all tests are Praxis tests administered by Educational Testing Services (ETS). For information regarding test content, registration, or preparation please visit the appropriate website:

## **Qualifying Score and Score Status:**

The Qualifying Score for tests with a Score Status of “Prelim” have not yet been finalized. Candidates must meet the current qualifying score at the time they receive the License Area or Endorsement. Score Statuses marked as “Review” will have their final passing score set during the 2018-19 school year. The new score will be required as of August 31, 2019. The final score may or may not change from the score listed here. Please refer to the Licensure Testing Update on our website for current passing scores on these tests.

## **Previously Approved Tests:**

Educators that took previously approved tests during the time period in which Utah approved the use of that particular test and that met the Utah passing score may be approved for Utah licensure. For example, for elementary licensure Utah currently requires licensure candidates to take and pass the 5001 Elementary Multiple Subjects test. However, an educator that took and passed the 5014 Elementary: Content Knowledge test prior to September 1, 2012 is considered to have met the testing requirement for Utah licensure. An educator that took and passed the 5014 after September 1, 2012 has **not** met the testing requirement. For a list of historically approved tests, please see the end of this document.

## **Academic Pathway to Teaching (APT):**

Board rule limits APT licensure to specific license areas and endorsements. For information regarding which tests are appropriate for an APT applicant, please refer to the chart beginning on page 8.

### **Elementary Multiple Subjects Test – Special Note**

Candidates taking this test must pass all 4 subtests in order to be eligible for licensure. A candidate may register for 5001 to take all 4 subtests on their initial attempt. If a candidate fails to pass a subtest on the first attempt, he can then register to retake only the subtest(s) that he did not pass under the appropriate code.
