

A Tornado is Coming

Kim heard a man talking on the TV. He said a	11
tornado was coming.	14
Kim's dad said, "A tornado is a storm. It has	24
BIG winds. Those winds can hurt trees and	32
houses. We will get ready for it."	39
The family packed blankets. They packed	45
food and water. They went into the basement.	53
They heard the tornado pass by. It made so much	63
noise! It missed their house.	68
"We are safe," said Kim.	73
