

Ant and Grasshopper

One day a grasshopper hopped along a road and	9
saw an ant. The ant was carrying a big ear of corn.	21
“Hey, stop and talk to me,” Grasshopper said.	29
“I am getting food for the winter,” Ant said. “You	39
should too.”	41
“It is summer. I have food,” said	48
Grasshopper.	49
Soon winter came. Grasshopper had no food. Ant	57
and his friends had corn to eat. Grasshopper learned a	67
lesson: it is wise to get ready for the future.	77
