Student Tutoring Achievement for Reading
Lesson Plan A-K (30 minutes)

Student __________________________ Date __________________

1. Familiar Reread (3 min.) - By student
   Student reads the book or a section of a chapter book from last session. Focus on fluent reading, expression and enjoyment. Tally the number of errors.
   Total # of Errors__________
   Note: When the student reads fluently with few errors, check with the STAR Coordinator about moving student to the next level.

2. New Book Introduction (2 min.) - By tutor and student
   Note: Tutor reads the title, author, and illustrator of the text to the student and gives a short statement about the content of the text. The tutor and the student quickly look through the book discussing difficult vocabulary, character names, and looking for picture cues. Student makes some predictions about the text.

   Book Title____________________________________ Level ______ # of errors ________________
   # of words in book _________
   Word Bank - Write a couple of high frequency words the student missed in the text on 3x5 cards and practice frequently (no more than 25 words stored at once). Store the cards in the student’s folder and send cards home when child knows them.

   Prompting: If a student gets can’t decode a word; use these prompts:
   1. Look at the word and say the letter sounds/phonemes in the word. (Tapping Technique)
   2. Blend the sounds together in sequence.
   3. Think about the word chunks you know to decode the word.
   4. Does the word make sense in the sentence?
   5. After multiple prompts, tell the student the word.

4. Comprehension (2 min.)
   Student understood vocabulary: ☐ Yes ☐ No
