## Grant Narrative

Applications must address questions below

### I. Project Description

Provide a clear and detailed description of the proposed project. Clearly state the purpose for the funding. Identify the grade level of students to be served. Identify detailed objectives of the proposed project. If appropriate, demonstrate how the proposed program leads to career pathways with linkage to existing and/or emerging programs of study to include secondary programs, post-secondary certificate programs and associate degrees.

### II. Sustainability

Applicants must describe how new programs developed will be sustained beyond the life of the grant. Applicants must also describe how partnerships with employers and post-secondary institutions will be sustained. This sustainability planning may require securing funding or future funding commitments. If requesting funding for personnel costs, applicants must explain how these ongoing expenses will be covered. If sustainability for these costs is not addressed, these positions will not be funded.

### III. Deliverables/Outcomes

Applicants must provide projections for all outcomes/deliverables relevant to measuring the success or impact of the project.

### IV. Data Driven Decision Making

Applicants must describe how local data, including data from Workforce Services, was used in the application's decision making process. Data should demonstrate an economic need, support special populations, and prepare students for high-skill, high-wage, or in demand industry sectors.
