Current research indicates that a structured reading tutorial program provides achievement gains for students needing extra reading practice and instruction beyond what they receive in their regular classroom. With this understanding, the USBE has produced a reading tutorial program called **Partners in Dyad Reading**. The **Partners in Dyad Reading** Program supports the Utah Elementary Language Arts Core Standards.

The purpose of **Partners in Dyad Reading** is to provide primary grade students reading below grade level with additional reading practice. Students participating in Partners in Dyad Reading meet with an adult volunteer or paraprofessional who is trained to provide them with a series of targeted lessons. The lessons enhance primary reading instruction offered by classroom teachers and support the following research-based components of reading: phonemic awareness, phonics, fluency, vocabulary, and comprehension. These components are reinforced as students receive scaffolded reading in appropriately challenging text. For Partners in Dyad Reading students in first grade, the text should be at their current reading level within a range of 50 Lexiles above and 100 Lexiles below. For Partners in Dyad Reading students in grade 2 and up, the text should be two to three years above their current reading level. Research has shown that when students in second grade and up are put into challenging text and provided scaffolding, their reading performance grows more rapidly than when placed in instructional level text.

Students benefit from increased reading time, improved reading performance, and rewarding reading experiences. Elements of the **The Partners in Dyad Reading** Program that serve the student include the following:

- Pairing students with a trained volunteer tutor
- Providing students with additional practice reading appropriately challenging text
- Providing students with research-based lessons that support their regular classroom instruction
- Providing students with rewarding reading experiences
Responsibilities of Partners in Dyad Reading Program Participants

Partners in Dyad Reading supports students who are reading below grade level by involving an entire “team,” including the USBE, local school districts, elementary school principals, classroom teachers, trained volunteer tutors, school support staff, and parents.

Responsibilities of the Utah State Board of Education:

- Provide professional development, including materials.
- Technical assistance for Partners in Dyad Reading implementation as requested by participating sites.

Responsibilities of District Literacy Specialists:

- Attend Partners in Dyad Reading professional development provided by the USBE.
- Train staff to implement Partners in Dyad Reading in local schools.

Responsibilities of the School Principal:

- Appoint a Partners in Dyad Reading Coordinator (it is recommended that this be a paid member of the school staff, for example, a teacher, literacy coach, AmeriCorps member, or paraprofessional).
- Designate a tutor center within the school building.
- Be knowledgeable about the students who receive Partners in Dyad Reading services.

Responsibilities of the School Partners in Dyad Reading Coordinator:

- Attend initial Partners in Dyad Reading training provided by the Utah State Board of Education.
- Conduct a Partners in Dyad Reading Program overview for school faculty and staff.
- Secure and manage tutoring materials.
- Recruit and oversee volunteer tutors.
- Train volunteer tutors.
- Coordinate Partners in Dyad Reading services among classroom teachers, tutors, and students, including pairing students with tutors and scheduling tutoring times.
Review each student’s lesson plans and progress on a weekly basis.

Provide the Utah State Board of Education with a year-end data summary of Partners in Dyad Reading participants.

**Responsibilities of the Partners in Dyad Reading Tutor:**

- Meet all volunteer requirements of the local school district.
- Commit to volunteering at least two hours each week, for one school year.
- Attend initial and ongoing Partners in Dyad Reading training.
- Use the USBE Partners in Dyad Reading Lesson Plan for each tutoring session.
- Document each lesson and keep accurate records of all tutoring sessions.
- Maintain confidentiality. Never meet with a student alone. All tutoring should be conducted in the school tutor center, with the door open, during the scheduled tutoring time.
- Avoid physical contact with the student.
- Never touch a bleeding student. Only school personnel should handle bleeding or ill children. Notify the student’s teacher or office personnel for any medical concerns.
- Be dependable and attend all scheduled tutoring sessions. Call the school to report a conflict or emergency.
- Follow the specific legal responsibilities associated with report allegations of or suspected child abuse.
- Have a positive attitude.
- Provide the student with sincere and specific praise.

**Initiating the Partners in Dyad Reading Program**

**Inform the Faculty and School Staff**

The Partners in Dyad Reading Coordinator initiates Partners in Dyad Reading by introducing it to the faculty, school staff, PTA, and community council. Through a brief presentation of the program’s purpose and design, all participants are informed about the benefits and responsibilities of being involved with Partners in Dyad Reading. They can help recruit volunteers, provide financial assistance, or organize materials and paperwork.
Acquire and Organize Quality Materials

The Tutor Center is designated within the school building by the principal. In order for tutors and students to work most effectively, this place should be inviting and organized. It should contain general use materials, student files, and leveled books.

General Materials

One of the most important elements of a successful tutoring program is communication and collaboration among volunteer tutors and classroom teachers. The tutoring center serves as an ideal location for comments, questions, and scheduling issues to be shared. Provide a bulletin board with a calendar of school events such as holidays, assemblies, and early-release days. Post a specific tutor schedule, including time, tutor, student, and classroom teacher.

In a general use area, provide a variety of paper, notebooks, pencils, scissors, sticky notes, index cards, and other desk supplies. Provide teachers and tutors with easy access to student work by determining a filing system. Use a file cabinet, bins, or baskets to organize student folders. Books should be clearly labeled, placed in bins, and organized by level.

Recruit Dependable and Consistent Volunteer Tutors

Partners in Dyad Reading Coordinators have the responsibility to:

- Follow district guidelines when recruiting tutoring volunteers.
- Use district guidelines for background and fingerprint information on volunteers.
- Prepare a written statement about the purpose of the Partners in Dyad Reading Program and a detailed list of tutor responsibilities (included in this manual).
- Recruit tutors from the following groups:
  - Para-educators and classroom aides
  - PTA, including parents and grandparents
  - Community clubs
  - Church groups
Senior citizen centers
AmeriCorps volunteers
United Way
Foster grandparents
Local high schools, universities, and colleges (work-study and service learning students)
Business partners

**Provide Training for Volunteer Tutors**
- The key to successful volunteer tutoring is most likely the training and close supervision given to the tutors.
- The Partners in Dyad Reading Coordinator, who has attended a state-sponsored training, is certified to train volunteer tutors. The District Literacy Specialist should be certified as well.
- Schedule a meeting room and all necessary equipment.
- Use the district or school printing services for any printing needs.
- Organize the training. Prepare the following things: a list of tutor responsibilities (see website), a training agenda, samples of all tutoring materials, and a school orientation packet.
- Ongoing training is necessary. The Partners in Dyad Reading Coordinator should provide modeling and feedback.

**Identify Students**
- Student selection is based on assessments and determined by the classroom teacher.
- Students who may most benefit from receiving Partners in Dyad Reading tutoring are usually at least one year below grade level in reading.
- Once a student is identified as needing tutoring services, the classroom teacher completes the Teacher Recommendation Form (see manual and Partners in Dyad Reading website) and returns it to the Partners in Dyad Reading Coordinator.
- Prior to scheduling tutoring sessions, the classroom teacher or Partners in Dyad Reading Coordinator sends home a permission slip/information letter with each student participating in the Partners in Dyad Reading
Program (see Partners in Dyad Reading website for letter).

- Once the letter has been signed and returned, it is kept in the student’s folder.
- Partners in Dyad Reading is intended for students who need additional reading practice to support their growth in reading. The Partners in Dyad Reading Program is not considered an intervention program, but a program that provides **additional practice** and support for classroom instruction.

### Schedule Tutoring Sessions

- Research has determined that **two times** per week is the minimum number of tutoring sessions that will produce gains in reading achievement.
- Each Partners in Dyad Reading lesson is 15 minutes in length. The optional literacy supplemental lesson is an additional 15 minutes in length.
- Students should never be tutored during their core instruction in reading or mathematics.
- Tutors should commit to two hours per week, but flexibility is important.
- Determine tutor schedules and match students to tutors by looking at the Teacher Recommendation Form (see manual and Partners in Dyad Reading website).
- Post a tutor schedule in the tutor center. Include teacher name, student name, and tutor name.
- Provide the school principal, secretary, classroom teacher, and volunteer coordinator with a copy of the master schedule.

### Sustaining the Program

#### Facilitate Collaboration

- The Partners in Dyad Reading Coordinator is responsible for facilitating and encouraging a collaborative environment among those involved with Partners in Dyad Reading.
- The classroom teacher and the Partners in Dyad Reading Coordinator should review each student’s lesson plans and progress frequently.
- The Partners in Dyad Reading Coordinator has the responsibility to help volunteers feel accepted, appreciated, and valued.

<td>Fluency</td>
<td>The reading of text smoothly, not hindered with word-by-word reading and other word recognition problems that might hinder comprehension.</td>
<td>The reader groups words at an adequate rate to support meaning. Reading sounds naturally, as if he/she is speaking with expression.</td>
</tr>
<tr>
<td>Independent Reading</td>
<td>Voluntary or leisure reading for pleasure, not to develop skills. Reading with no assistance and minimal errors.</td>
<td>Increased fluency and expression, independent use of skills and strategies, exploring interest and building confidence, using knowledge of decoding words in reading and encoding words in writing.</td>
</tr>
<tr>
<td>Onset and Rime (Chunks)</td>
<td>Units smaller than words, but making a word when combined. The onset is the part that precedes the vowel (for example, \textit{bi} in the word \textit{black}). The rime is the part including the vowel and any consonants that follow (for example, \textit{ack} in the word \textit{black}).</td>
<td>The knowledge of rimes can help children decode words at the point of difficulty.</td>
</tr>
<tr>
<td>Phonemic Awareness</td>
<td>The ability to hear, identify, and manipulate individual sounds and phonemes in spoken words; individual knowledge that every spoken word is made up of a series of phonemes that can be represented by letters of the alphabet.</td>
<td>The ability to notice, think about, and work with the individual sounds in spoken words.</td>

Legal Responsibilities

Tutors are required to be aware of the following rules and regulations:

1. **ACCIDENTS**
   - Do not treat a child if he/she has an accident. Do not try to stop bleeding in non-emergency situations.
   - Report the accident to the teacher, who has been trained and has the equipment to deal with such situations.
   - Volunteers are not trained to deal with AIDS, HIV, or other communicable diseases.

2. **ATTITUDE**
   - Maintain a professional attitude while tutoring.
   - Never initiate a physically close situation. If a child hugs you, be sure to respond, but only if the child initiates the action and you are in an open area observed by others.

3. **CHILD ABUSE**
   - Contact the principal if you suspect a child is being physically abused or sexually molested. The person who suspects the abuse does the reporting. It is a federal law to report child abuse. If you do not report, you are considered as guilty as the perpetrator and will be so treated.
4. CONFIDENTIALITY

- Keep confidential all information about personal or family issues that the child volunteers. Do not repeat private family matters.
- Share the student’s progress only with the child’s teacher and parents, and do so with your student’s knowledge. Be certain that sharing information is a positive experience.

5. TUTORING SITE AND INSURANCE COVERAGE

- All tutoring is to be conducted during school under the direction of the Partners in Dyad Reading Coordinator, classroom teachers, and school administrator. By following this regulation, tutors are covered by school insurance.
- Never tutor in a closed area. Keep doors open; tutor in open spaces such as the designated Tutor Center. Keep all actions public and open to observation.
Suggested Materials List

1. Leveled books
2. Double-pocket folder for each student
3. Magnetic letters, letter tiles, or letter cards
4. Beginning sound card
5. Timer
6. White boards and dry erase markers
7. 3” x 5” index cards
8. Notebook (spelling)
9. Desk supplies: paper, highlighter pens, pencils, markers, scissors, sticky notes, paper clips, stapler, rubber bands, etc.

Suggested Materials List for General Use

1. Volunteer sign-in sheet
2. Visitor name badges
3. File cabinet or storage bins for student folders
4. Bulletin board
5. Tutoring master schedule
6. School calendar
7. Communication box—an area for notes to tutors or teachers
8. Lexiled books inventory/tracking form
9. Extra lesson plan forms
10. Desk supplies: markers, pencils, scissors, sticky notes, a variety of paper, paper clips, stapler, etc.
WELCOME
to the Partners
in Dyad Reading
Lesson Plan
Welcome to the
Partners in Dyad Reading Tutoring Program!

Dear Student,

Your tutor will help you to become a better reader.

You can:
- Be ready to learn.
- Be respectful.
- Follow directions.
- Be positive.
- Thank your tutor.
- Do your best and have fun!

Remember to read at least 20 minutes every night at home.
Dear Tutor,

We are excited that you have the opportunity to work with students to help them improve their reading skills. We hope it will be a very rewarding experience, both for you and for the students you tutor.

You might be wondering:

What will it take to become a great tutor?

- Be positive, and make a personal commitment to the students you are tutoring.
- Help your students feel confident, learn to trust you, and experience success every day.
- Have fun reading!
Partners in Dyad Reading Tutoring Program Lesson Plan

(15 minutes)

1. Revisit book or portion of the text read (1–2 minutes).
3. Read new book/chapter and monitor comprehension (11–14 minutes).

Literacy Supplemental Lesson Plan

(15 minutes)

1. High frequency words lesson (2–3 minutes)
2. Fluency (2–3 minutes) Eliminate this section if the student is reading below a 220 Lexile.
3. Early Steps (K–1) or Next Steps (grades 2–3) Word Study (8–10 minutes).
   - Word Sort
   - Fast Pencil
   - Memory Game
   - Spelling

Note: A detailed Literacy Supplemental Lesson Plan is available in the appendix or on the Partners in Dyad Reading Tutoring website at: https://schools.utah.gov/curr/dyad

**Notes:**
1. Revisit book or portion of text read

Practice helps me to be a better reader.

Hurrah!!
1. Revisit book or portion of text read

1–2 minutes

MATERIALS:
Book from previous session, Partners in Dyad Reading lesson plan

ACTIVITY:
1. Student and tutor revisit previously read text discussing things they remember, found interesting, or other things of note.
2. New Book Introduction

I wonder what this book will be about?
2. **New Book Introduction**

**1–2 minutes**—Skip introduction if the student is reading a chapter book.

**MATERIALS:**
- New book with appropriate level of challenge for the student, *Partners in Dyad Reading lesson plan*

**ACTIVITY:**
1. Tutor introduces the new book by reading the title, the author/illustrator, and pointing out tricky words in the text section to be read (character names and difficult vocabulary words).
2. Tutor asks the student to make some predictions about the text.

**TIP:**
Tutor gives the student an opportunity to share what he/she knows about the subject.

**RECORD:**
Tutor checks off *New Book Introduction* on the *Partners in Dyad Reading lesson plan*. 
3. Read new book/chapter and monitor comprehension.

I can read new books!
3. **Read new book/chapter and monitor comprehension.**

**11–14 minutes**

**MATERIALS:**
- New book (or next portion of chapter book), **Partners in Dyad Reading lesson plan**, Story Face Chart for narrative text

**ACTIVITY:**

1. The tutor and student read the new book aloud using the Dyad Reading Rules.

2. During reading, the tutor stops to ask the student comprehension questions about what has been read and explains unknown vocabulary. For narrative text, the tutor may use the story face graphic to ask questions about the text. For informational text, use the information text comprehension questions as a guide.

3. The tutor records where to pick up next time in the book, if needed, on the Partners in Dyad Reading lesson plan.

**DYAD READING RULES:**

2. Sit side-by-side.
3. Track the words with one smooth finger.
4. Read aloud together.
5. Keep eyes on words.
6. Don’t read too fast nor too slow.
7. Talk about unknown words.
8. Have fun!
Informational Comprehension Questions

I can identify the main topic and retell key details of the text.

- What is the author’s purpose? (Answer, explain, describe.)
- Topic/Main Idea
- Key Details
- One-sentence summary
- What did you learn? (new words/ideas)
- What do you want to learn?
- Retell using text features (graphics, charts, etc.).

TIP:
Tutor asks the student to use the text to talk about the key details.

Lesson Section
HIGH FREQUENCY WORDS

HIGH FREQUENCY WORD RECOGNITION RATIONALE
Vocabulary instruction should contain three levels of words. Level one words are high frequency words, and they are the words most frequently encountered as students read.

Research shows:

- The best strategy for developing reading fluency and comprehension is to provide students with many opportunities to read the same passages orally.
- To aid in comprehension, students must group words within a sentence into meaningful phrases.
- Automatic word recognition requires instruction and practice to become effortless.
- The practice of orally rereading text that contains mostly words they know helps students become fluent readers.
- Helping students develop a large high frequency word vocabulary is important to achieving reading success.
4. High Frequency Word Lesson

Say it, write it, spell it aloud.
4. High Frequency Word Lesson

MATERIALS:
High frequency word lists, 3” x 5” index cards, highlighter, marker, timer, notebook and pencil, or dry erase board/marker, magnetic letters/tiles/cards, Literacy Supplemental Lesson Plan

ACTIVITIES:
1. Student reads the words in the first column on list #____. Tutor marks missed words. Goal: 95% accuracy, one-minute timing (no more than five words missed in 100).

2. Tutor writes one or two missed high frequency words on 3” x 5” index cards and practices them with the student. Tutor keeps the high frequency word cards with the Word Bank cards in the student’s folder.

3. Tutor chooses one of the following high frequency word activities daily (time permitting):
   - Tutor picks one or two of the missed high frequency words from the column. Tutor asks the student to read each word, write it, and spell it aloud five times.
   - Student mixes up letter tiles and practices spelling one or two missed word(s) five times.
   - Tutor asks the student to write and say the missed word(s) correctly as many times as possible in one minute.

TIP: High frequency words are words we can’t sound out, or that we use so frequently we learn them by sight.

RECORD: Tutor marks the missed words on the student’s copy and records the list number on the Literacy Supplemental Lesson Plan.

FLUENCY

ORAL READING FLUENCY RATIONALE

Fluency is the ability to read a text accurately and quickly. When fluent readers read silently, they recognize words automatically. They group words quickly to help them gain meaning from what they read. Fluent readers read aloud effortlessly and with expression. Their reading sounds natural, as if they are speaking.

Fluency is important because it provides a bridge between word recognition and comprehension. Because fluent readers do not have to concentrate on decoding the words, they can focus their attention on what the text means.

Research shows:

- Researchers have found several effective techniques related to repeated oral reading:
  - Students read and reread a text a certain number of times or until a certain level of fluency is reached. Four rereadings are sufficient for most students.
  - Oral reading practice can be increased through the use of audiotapes, tutors, peer guidance, or other means.
- Reading fluency can be developed gradually over time and through substantial practice. Fluency can be developed by modeling fluent reading and by having a student engage in repeated oral reading.
5. Fluency

I can read with expression, accuracy, rate, and smoothness (EARS).
5. Fluency

2–3 minutes  (Middle of first grade)

MATERIALS:
New book/chapter book, grade level passage, timer, pencil, colored pencils or markers, Movin’ On Up Chart, fluency record sheet, Literacy Supplemental Lesson Plan

ACTIVITIES:
1. Tutor models fluent reading of difficult sentence(s) in the new book, and the student rereads the same sentences using expression, accuracy, rate, and smoothness (EARS).
2. Student reads the daily grade level passage (one-minute timing). Tutor should ask the student to read from the new book if no passage is available.
3. Student retells key points of the passage. (This is important comprehension work!)
4. Student colors in total WCPM on the Oral Reading Chart by subtracting errors from total words read.

RECORD:
Tutor records WCPM on the Literacy Supplemental Lesson Plan and fluency chart.

WORD STUDY
PHONEMIC AWARENESS

Phonemic awareness is the ability to notice, think about, and work with the individual sounds in spoken words. Before children learn to read print, they need to become aware of how the sounds in words work. They must understand that words are made up of speech sounds, or phonemes.

Although phonemic awareness is a widely used term in reading, it is often misunderstood. One misunderstanding is that phonemic awareness and phonics are the same thing. Phonemic awareness is not phonics.

Research shows:

- Effective phonemic awareness instruction teaches children to notice, think about, and work with (manipulate) sounds in spoken language.
- Phonemic awareness is important in learning to read languages that are based on an alphabet (Wagner, Torgesen & Rashotte, 1994).
- Teaching phonemic awareness to young children significantly increases their later reading achievement (Cunningham, 1989; Foorman, Francis Fletcher, Schatschneider & Mehta, 1998; Lundberg, Frost & Peterson, 1988).
- Phonemic awareness is an essential part of learning to read and a strong predictor of reading success. Thus, phonemic awareness is a concept every reading teacher should understand and be able to teach proficiently (Adams, Foorman, Lundberg & Beeler, 1998).
PHONICS RATIONALE

Phonics is the relationship between letters and letter combinations and individual speech sounds.

Research shows:

- Phonics instruction needs to be presented in a systematic way.
- Phonics instruction needs to be explicit.
- Phonics instruction should consist of:
  1. Sounding out words by matching sounds to letters.
  2. Blending letter sounds to form words.
  3. Teaching students to detect and blend word parts, such as onsets and rimes.
- Systematic phonics instruction improves comprehension.
- Phonics instruction is not a total reading program, and should never become the dominant component in a reading program.

It is with this research in mind that we have developed the phonics instruction for the Literacy Supplemental Lesson. This phonics instruction is designed to be taught explicitly, systematically, and sequentially to help produce stronger reading achievement in our young readers.
Vowel patterns are the keys to unlocking new words.
6.0–6.4 Word Study

8–10 minutes total EARLY STEPS (ES), Grades K–1 OR NEXT STEPS (NS), Grades 2–3

MATERIALS:
Current word sort and literacy supplemental lesson plan—see word study videos on the website: https://schools.utah.gov/curr/dyad. NOTE: Letter names and sounds should be known before beginning this section. (See Early Steps Alphabet, etc.)

6.1 Word Sort 5 minutes

ACTIVITIES:
Tutor guides the student through the current word sort.
1. Tutor places the bold anchor words from the sort in the correct order (see the inventory/sequence chart in the appendix).
2. Tutor tells the student the vowel pattern/vowel sound in each anchor word.
3. Tutor hands the student a card and asks the student, “Where does it go?” Student places the card under the column with the matching vowel pattern.
4. Tutor asks the student to “Point to the words in each column and read them.” Student points to each word and reads down that column every time a new word is added.

Note: When the matrix is complete (ES 3 x 4 = 12 cards; NS 4 x 4 = 16 cards):
5. Tutor asks the student, “What is the vowel pattern?” Student points to each vowel pattern and reads down the columns (example: a–consonant—as in hat).
6. Tutor asks the student, “What is the vowel sound?” Student points to each vowel sound and reads down the columns (example: /ā/ hāt).
6.1 Word Sort

Vowel patterns are the keys to unlocking new words.
Matrix examples:

**EARLY STEPS**, Grades K–1

12-card matrix

**NEXT STEPS**, Grades 2–3

16-card matrix
6.2 Fast Pencil

I think I can read the word as fast as my tutor can point to it!
6.2 Fast Pencil

**MATERIALS:**
Word sort, pencil or pen, Literacy Supplemental Lesson Plan

**ACTIVITY:**
Tutor points to four or five words in the matrix with a pencil and asks the student to read each word aloud.

**TIP:**
Tutor points to some easy and some difficult words.

**RECORD:**
Tutor checks off Fast Pencil on the Literacy Supplemental Lesson Plan.
6.3 Memory Game

I love games!
6.3 Memory Game (Other approved games are available.)

3–4 minutes

MATERIALS:
Current word sort cards built into a 12-card matrix (Early Steps, K–1) or a 16-card matrix (Next Steps, 2–3); Literacy Supplemental Lesson Plan

ACTIVITIES:
Memory Game: Tutor and student use the matrix that is already set up.

1. Student places the cards face down, mixes them up, and forms a matrix. If time is short, use only four or eight matching cards.

2. Student and tutor take turns turning over two cards to see whether the vowel patterns match. If the vowel patterns match, say to the student, “Justify that please.”

3. Student reads the cards while pointing to and saying the vowel pattern and vowel sound. Tutor should try to lose convincingly.

RECORD:
Tutor checks off Memory Game on the Literacy Supplemental Lesson Plan.
Vowel patterns help me spell words.
6.4 Spelling

2 minutes

MATERIALS:
Current word sort, notebook, pencil, or dry erase board/marker; Literacy Supplemental Lesson Plan

ACTIVITIES:
1. Tutor selects four or five words from the current word sort. Tutor states the word, uses it in a sentence, and asks the student to repeat the word and then write the word.
2. Student writes the word. Tutor helps the student correct errors immediately by pointing to the anchor word or asking the student to tap the sounds/phonemes.
3. “Say it, match it, check it.” Tutor gives the student the four or five spelling cards one at a time, and asks the student to say the word, match the card to the spelling word the student wrote, and check the spelling by pointing to each letter and saying the letter names aloud. Student puts a check by the correct words.

TIP:
Tutor uses a word from each vowel pattern of the word sort for spelling.

RECORD:
Tutor checks off Spelling on the Literacy Supplemental Lesson Plan.
Note: See Word Study Check in the Appendix to move the student to the next Word Sort.
Dear Tutor,
Thank you for making a difference in a child’s life today! You are greatly appreciated!

Warmest regards,
The Utah State Board of Education

Partners in Dyad Reading

1. Revisit book or portion of text read (1–2 minutes)
   - Tutor and student revisit previously read text discussing things they remember, found interesting, or other things of note.

2. New Book Introduction (skip introduction if the student is reading a chapter book)
   - Tutor introduces the new book by reading the title, the author/illustrators, and pointing out tricky words in the text section to be read (character names and difficult vocabulary words).
   - Tutor asks the students to make some predictions about the text.

3. Read new book/chapter and monitor comprehension.
   - The tutor and student read the new book aloud and using the Dyad Reading Rules.
   - During reading, the tutor stops to ask the student comprehension questions about what has been read and explains unknown vocabulary. For narrative text, the tutor may use the story face graphic to ask questions about the text. For informational text, use the information text comprehension questions as a guide.
   - The tutor records where to pick up next time in the book, if needed, on the Partners in Dyad Reading lesson plan.

Literacy Supplemental

4. High frequency Words (2–3 minutes)
   - Student reads the words in the first column on list #______. Tutor marks any missed words.
     **Goal:** 95% accuracy, 1-minute timing (no more than 5 words missed in 100).
   - Tutor writes one or two missed high frequency words on 3” x 5” index cards and practices them with the student. Keep the high frequency word cards with the Word Bank cards in the student’s folder.
   - Tutor chooses one of the following high frequency word activities daily (time permitting):
     - Tutor picks one or two of the missed high frequency words from the column. Tutor asks the student to read each word, write it, and spell it aloud five times.
     - Student mixes up letter tiles and practices spelling one or two missed word(s) five times.
     - Tutor asks the student to write and say the missed word(s) correctly as many times as possible in one minute.
5. Fluency (2–3 minutes). This section does not apply to students before the middle of first grade.

- Tutor models fluent reading of difficult sentence(s) in the new book and student rereads the same sentences using expression, accuracy, rate, and smoothness (EARS).
- Student reads the daily grade level fluency passage (1-min. timing).
  **Note:** Tutor should use the student’s new book for the day if no passage is available.
- Student retells key points of the passage.
- Student colors in total WCPM on Oral Reading Chart by subtracting errors from total words read.

6. Word Study (8–10 minutes)

  **Note:** Letter names and sounds should be known before beginning this section. (See Early Steps Alphabet, etc.)

  a. Word Sort Title ________________________________ Anchor Words 1 _____ 2 _____ 3 _____ 4 _____

  i. Tutor places the **bold anchor words** from the sort in the correct order (see the inventory/sequence chart in the appendix.
  ii. Tutor tells the student the vowel pattern/vowel sound in each anchor word.
  iii. Tutor hands the student a card and asks the student, “**Where does it go?**” Student places the card under the column with the matching vowel pattern.
  iv. Tutor asks the student to: “**Point to the words in each column and read them.**” Student points to each word and reads down the column every time a new card is added.
    **Note:** When the matrix is complete (ES 3 x 4 = 12 cards; NS 4 x 4 = 16 cards):
  v. Tutor asks the student, “**What is the vowel pattern?**” Student points to each vowel pattern and reads down the columns aloud (Ex. a-consonant—as in hat).
  vi. Tutor asks the student, “**What is the vowel sound?**” Student points to each vowel pattern and reads down the columns aloud (Ex. /ă/ hăt).

  b. Fast Pencil.

  i. Tutor points to four or five words in the matrix with a pencil and asks the student to read each word aloud.

  c. Memory Game. Use the matrix that is already set up.

  i. Tutor asks the student to: “**Turn the cards face down, mix them up, and arrange the cards in the same matrix pattern.** If the time is short, play with only 4 or 8 matching cards.
  ii. Tutor and student each take turns flipping over two cards to look for matching vowel patterns. Student reads each card as it is turned over, including the tutor’s cards. When the student finds a match, the tutor asks the student to, “**Justify that please.**”

d. Spelling.

- Tutor selects four or five words from the current word sort. Tutor states the word, uses it in a sentence, asks the student to repeat the word, and then to write it.
- Student writes the word, saying each letter aloud. Tutor helps the student correct errors immediately by pointing to the anchor word or asking the student to tap the sounds/phonemes.
- “Say it, match it, check it.” Tutor gives the student the four or five spelling cards one at a time and asks the student to say the word, match the card to the spelling word the student wrote, and check the spelling by pointing to each letter and saying the letter names aloud. Student puts a check by the correct words.

**Instructions:** Copy word sort cards onto cardstock (preferably white). Laminate and cut out cards. Word cards can be sorted into library pockets or snack size zip-lock baggies. Label each library pocket or zip-lock baggie with the printed labels. Place word cards into the corresponding library pocket or baggie. We suggest you separate each word sort section using tabbed dividers of colored cardstock. Organize pockets behind appropriate section divider & place in a container. Stick pre-printed labels on library pockets. Place word cards into the corresponding library pocket. Organize pockets behind appropriate section divider & place in a container.

Early Steps Word Study Check, Grades K–1

**Untimed**

**Note:** Use this only to determine whether a student is ready to move on to the next word sort.

**MATERIALS:**
Current word sort, Partners in Dyad Reading lesson plan

**ACTIVITIES:**
1. Select 40 random word cards from the current word sort.
2. Flash the cards from the deck to the student.
3. The student needs to get eight or fewer errors to proceed to the next word sort.
4. This is not timed in grades K–1.

**TIP:**
Don’t do word sort, fast pencil, memory game, or spelling on the day you do a Word Study Check.

**RECORD:**
Record the word sort title, the number of words correct, and the number of errors on the Partners in Dyad Reading lesson plan.
Instructions: Copy word sort cards onto cardstock (preferably white). Laminate and cut out cards. Word cards can be sorted into library pockets or snack size zip-lock baggies. Label each library pocket or zip-lock baggie with the printed labels. Place word cards into the corresponding library pocket or baggie. We suggest you separate each word sort section using tabbed dividers of colored cardstock. Organize pockets behind appropriate section divider & place in a container. Stick pre-printed labels on library pockets. Place word cards into the corresponding library pocket. Organize pockets behind appropriate section divider & place in a container.

# Next Steps: Word Study Sequence

Note: You may spend one (1) or many days on a particular set of patterns.
Remember that students need to be able to verbalize “vowel pattern” and “vowel sound” as well as be able to meet or exceed word study check criteria before they move on to a new set of patterns.

## 1. Mixed Short Vowels

Next Steps Word Study Check, Grades 2–3

**1 minute**

**Note:** Use this only to determine whether a student is ready to move on to the next word sort.

**MATERIALS:**
Current word sort, Partners in Dyad Reading lesson plan

**ACTIVITIES:**
1. Select 40 random word cards from the current word sort.
2. Flash the cards from the deck to the student.
3. The student needs to get 35 words correct with no more than three errors.
4. Time for one minute.

**TIP:**
Don’t do word sort, fast pencil, memory game, or spelling on the day you do a Word Study Check.

**RECORD:**
Record the word sort title, number of words correct, and number of errors on the Partners in Dyad Reading lesson plan.
