Learning To Live In A Technical World

Mission: To foster personal growth, leadership, and opportunities in Science, Technology, Engineering, and Mathematics (STEM).

- TSA is the oldest student organization dedicated exclusively to students enrolled in technology education classes grades K-12.
- Since TSA was chartered in 1978, almost four million student members have participated through challenging competitions, leadership opportunities, and community service.
- TSA members apply and integrate STEM concepts through co-curricular activities, competitions, and related programs.
- TSA has grown in size, strength, structure, and has positively affected students and secondary school programs across the nation.
- TSA is supported by educators, parents and business leaders who believe in the need for a technologically literate society.
- TSA members learn through exciting competitive events and leadership opportunities. From engineers to business managers, alumni credit TSA with a positive influence on their lives.

TSA Profile

TSA has members in middle schools and high schools in 49 states.

TSA has more than 70 middle school and high school competitions for use in a traditional classroom and virtually for distance learning.

TSA approximates that 100 percent of its members are likely to graduate and 75 percent of its members are college bound.

There are 3,500 TSA teachers/advisors throughout the U.S. TSA helps teachers meet the criteria for STEM education goals through exciting programs that include technology activities, competitions, leadership and teamwork for students.

DID YOU KNOW?

In 2021, 40 students placed in the top ten in the nation for their exceptional achievement in 15 of the 70 technology-based competitive events.

2021 National TSA Virtual Conference
First Place Winners:
> Animatronics: Cedar Hills High School students Jayden Checketts, Nathan Ford, Matthew Kidd, and Elijah Reed.
> Digital Video Production: Jordan Academy for Technology and Careers (JATC) students Taylor Hendrickson, Partrick Pulido, and Parker Sorensen.

In Utah, CTSOs align with the national CTE Career Clusters® and the 35 CTE Career Pathways.
**GOALS**

**Utah TSA Goals for 2021-2022:**
1. Recruit and retain membership in order to increase the overall Utah TSA opportunities.
2. Being prepared to quickly adjust to any further changes we have to make, in short notice, due to things out of our control, such as COVID-19.
3. Engaging members through virtual conferences and events.

**SERVICE**

The TSA service project raises funds and awareness for the American Cancer Society. During the school year, TSA chapters around the state raise money to help fund vital research, education, advocacy, and patient services of the American Cancer Society.

**TEACHING**

TSA activities are correlated to the Standards of Technology Literacy, as set by the International Technology and Engineering Educators Association (ITEEA). Secondary teachers can use TSA activities during the school day to extend learning beyond the classroom through a TSA chapter.
