Current Graduation Rates

The graduation rate for the 2019 cohort was 87.4%. This is a .4% increase from the 2018 cohort’s graduation rate of 87.0%. Students who identify as Asian maintained the highest graduation rate in 2019 at 91.4%. This is a 1% decrease from the same student group’s 2018 graduation rate of 92.4%. *American Indian, Students with a Disability, and English Learner* student groups all saw increases of at least 2% in their graduation rate for 2019. Year-to-year changes for all reported student groups can be seen in Table 2. For an overview on how graduation rates are calculated, refer to Appendix A.

Historical Graduation Rates

The state of Utah has continued to see improvement in their graduation and dropout rates each year. Graduation rates have steadily increased over the past 5 years, from 84.3% in 2015 to 87.4% in 2019. In the same time, dropout rates have decreased from 13.1% to 10.6%.

Exhibit 1: Utah’s Graduation and Dropout Rates, Cohort Years 2015 to 2019

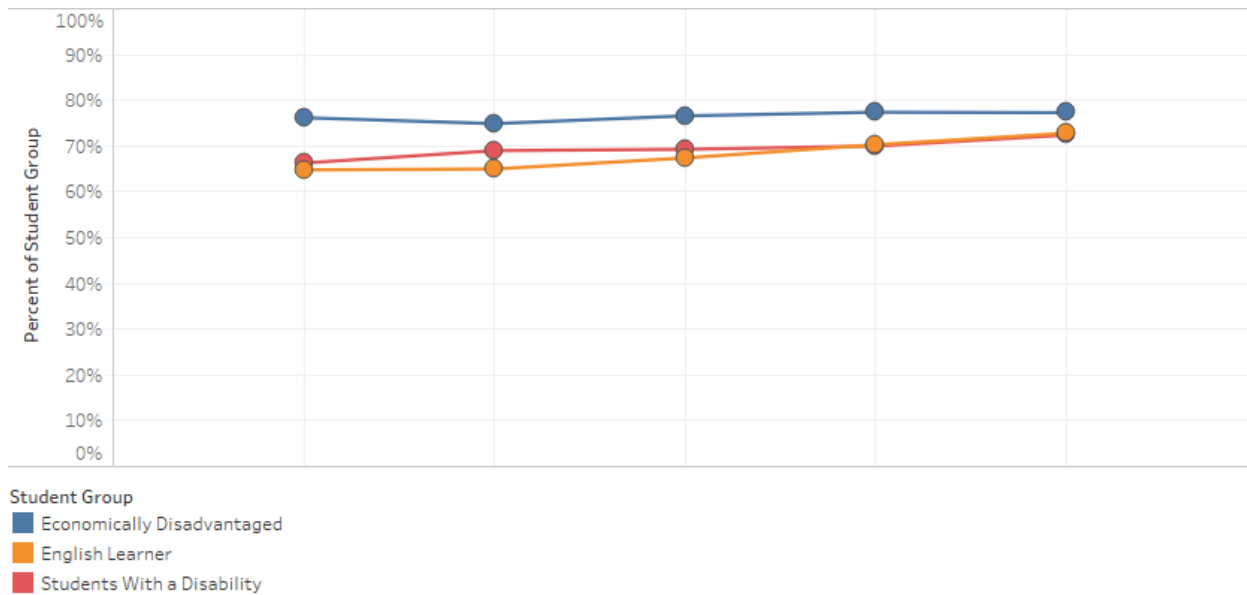

Note: Percent totals don’t equal 100% since ‘Other Completers’ and ‘Continuing Students’ are not included in the visualization.

Student groups have continued to see growth in the graduation rates over the past 5 years. *English Learners* and *Students with a Disability* student groups both saw significant increases in the graduation rate in 2019. After increasing to 70% in 2018, each continued to improve to 72.8% and 72.4% in 2019. Students who are classified as economically disadvantaged saw an increase in their graduation rate from 2017 to 2018, but have essentially maintained consistency between 2018 and 2019, decreasing from 77.4% to 77.3%.

Exhibit 2: Utah’s Graduation Rates by Student Group, Cohort Years 2015 to 2019

There continues to be an ebb and flow in graduation rates among race/ethnicity student groups, as seen in Exhibit 3. *Asian*, *African American/Black*, and *Pacific Islander* groups saw decreases from 2018 to 2019. However, *Asian* and *African American/Black* groups in the 2019 cohort still performed better than their counterparts from 2015 to 2017. *American Indian* and *Hispanic/Latino* groups have continued to increase their graduation rates over the last 5 years, while *White* and *Multiple Race* groups have maintained a consistent rate over the same time.

Graduation Rates by LEA and School

Tables 4 and 5 show the 2019 cohort count and graduation rate, as well as the graduation rates for cohort years 2017 and 2018. The counts and rates are reported for each Local Education Agency (LEA) and school. Table 4 shows districts and district schools, and Table 5 shows charter agencies and charter schools.

In compliance with FERPA regulations and student data privacy best practices, data for groups with fewer than ten students is reported as “n<10.” For groups with fewer than ten students counts are not shown and percentages are obscured by providing the range within which the percentage falls (e.g., 43% would display as 40-49%). Percentages that are close to 100% or 0% are also not reported. This is indicated by a ≤ or > (e.g., ≥95%). Blanks in the 2016 or 2017 Graduation Rate column indicate that the school did not have a graduation rate that cohort year.

The first row is LEA results, and the following rows for that LEA are school results. If an LEA only has 1 school, the results will be repeated on each row.

Tables 4 & 5 as well as Appendix B are displayed in Microsoft Excel format, but all visualizations were created using Tableau software.

Appendix A: Background on Graduation Rates

The Every Student Succeeds Act (ESSA) requires the state to calculate a four-year cohort rate. Utah implemented a federally defined cohort graduation rate in 2008. The graduation rate for the 2018 cohort includes all students who started ninth grade in the 2014-15 school year, plus students who transferred into the Utah public education system after ninth grade.

Students in the cohort have four possible final outcomes:

- Graduate
- Continuing student
- Other completer
- Dropout

The “graduate” category includes students who have earned a basic high school diploma, Alternate Diploma (for students with a significant cognitive disability as defined in Board Rule R277-705-2), or an adult education high school diploma by September 30 following the end of their cohort school year. “Continuing students” are students who have been allowed to continue attending school beyond their senior year, or those who transferred to higher education or the Utah System of Technological Colleges (formerly UCAT) without first receiving a high school diploma. Students considered “other completers” include those who completed the General Education Development test (GED) or a certificate of completion; or are a student with a disability who participated in the Utah Alternate Assessment (UAA). The “dropout” category includes students who have not completed graduation requirements, such as those who have withdrawn, dropped out, or have been expelled. ⁱ
