Public Comment

Mike Owens - distributed and read information on criminal defamation. He was requested to bring any future challenges to the Board's attorney.

Sara Jones, Utah Education Association - expressed appreciation for the work the Board has done these past few years. UEA recognizes the extraordinary time, effort and study it takes to be a Board member and Board members' sincere commitment to serving Utah students and educators. UEA has appreciated the opportunities to engage in collaborative discussions in formulating public policy and looks forward to continuing dialogue in the coming year.

Lydia Nuttall - reported that she just submitted *Forgotten American Stories Celebrating America's Constitution* for review by the State Instructional Materials Commission for consideration as an approved text for Utah public educators to use in various areas. She reported that two copies of the stories are in every state in the Union, and encouraged Board members to read their copies and approve the curriculum.

Carl Boyington, Executive Director, Utah Association of Elementary School Principals - expressed concerns about R277-409 including that the purpose of the rule is to place limitations. Another concern is that many times the rule directs that the associations should make rule and policy, which is consistent with what the Utah High School Activities Association already does. However, with the transfer rule the Board directs that associations should not make rule and policy and it appears the Board is micro-managing in this instance. The last concern is regarding the appeal process, as there are already three levels of appeal in place. The Principals Association feels that to set up an additional appeal at the State Board level is excessive.

Kalvin White, Navajo Nation, Department of Diné Education - indicated he looks forward to working with this prestigious board and staff. On September 29, 2016 the Navajo

Nation, U.S. Department of the Interior, and U.S. Department of Education signed the New School Accountability Plan. This is the first accountability plan that a sovereign tribe has submitted. The Navajo Nation is reaching out to all state departments of education and looking for opportunities to work with each state. They will be contacting Utah State Board of Education staff. Dr. White asked for the Board's support.

Barry Hecker - a written letter was submitted for the record.

Opening Business

Introduction of New Employees

H.R. Director Dave Rodemack introduced new employees Hemalatha Thirunavukkarasu, Lacie Jonas, and Dana Powers. Mr. Rodemack announced that Dana Powers will be taking his place as H.R. Director as he will be going to Public Safety. He expressed that he has enjoyed very much working with the Board.

Board Welcome Message

Member Terryl Warner gave the welcome message. She expressed concern that there isn't enough positive said about public education and focused her comments on positive things that are happening: Eight students received a perfect score on the ACT this year, and she highlighted Aaron Jackson from Corner Canyon High School. Member Warner also highlighted the four 2016 Utah Presidential Scholars—MaKayla Hendricks, Bountiful High School; Aubree Oliverson, Mountain Heights High School; Jennifer Ban, Logan High School; and Anthony Cheng, Hillcrest High School. There are thousands of students that are successful in this state.

Member Warner also talked about the POPS program, specifically about Opera by Children. She invited students from Mt. Logan Middle School to the meeting, and they sang "Zombies on a Train" for the Board.

Acknowledgment of Student Art Work

Fine Arts Specialist Cathy Jensen informed the Board about the art work in the Board room from Bennion Elementary, Syracuse Arts Academy, Lone Peak Elementary School.

She mentioned that the children's artwork that will be given to the outgoing board members is from Helen M. Knight Elementary in the Grand County School District in Moab.

Outgoing Board Member Recognition

Outgoing Board members Dixie Allen, Leslie Castle, Barbara Corry, David Crandall, Jennifer Johnson, Jefferson Moss, and David Thomas were presented with the traditional bells and given original art work from Utah students. Chair Crandall was also presented with a gavel. Each member was invited to speak.

Dixie Allen noted that she has served on the Board for 14 years and has spent her career working in public education and stated that public education is one of the most important things in helping our nation be the best. Nothing is more exciting than working with children.

Leslie Castle recognized the wonderful team of staff who are dedicated, courageous and wise. She expressed how honored she feels to have served on this Board.

Barbara Corry expressed gratitude for the interesting and marvelous experience and appreciation for the people with which she has served. She expressed her love for education and the people that are so willing to dedicate their lives to helping children and making lives better.

Jefferson Moss expressed that it has been an honor to serve on the Board and that it has been humbling and fulfilling. He considers those that are leaving the Board as some of his dearest friends, and his thoughts are turned to Mark Openshaw and his impact that will be felt for a long time. On behalf of his children that are in the public school system he gave thanks to staff, the Board's team, and the great teachers in the state.

Jennifer Johnson thanked those who have gone before that have provided the system and the voices from the public. She celebrates the ability to have public discourse and to express opinions so freely. She thanked her fellow elected officials and voiced that she is so impressed by the amount of work they have done and know they care very deeply about the mission of public education in Utah. She thanked the teachers, volunteers and students.

David Thomas voiced that he has always been about reforming things to make them

better and expressed that he is proud of how the Board has transformed. He is grateful for the changes the Board has made to upgrade public education and how those changes will affect all within the system. He expressed gratitude for the opportunity to make a difference.

David Crandall expressed that as he has listened to the thoughts of his colleagues the feeling of gratitude is overwhelming. He thanked his fellow board members and staff and expressed his appreciation for the long hours and hard work. He noted that in traveling throughout the state he has seen the efforts that are being done by schools and teachers on the front lines in the classrooms every day, and it is heartwarming. There are wonderful things happening. Chair Crandall gave additional thanks to his vice chairs.

Shmoop and ACT Contracts

Deputy Superintendent Scott Jones distributed additional information on the contracts. Deputy Superintendent Nye informed that statute requires ACT prep and the legislature appropriated money for that purpose. Shmoop currently serves that purpose. Member Hansen noted that there is ACT prep that is free on the Utah Futures website and suggested that the money appropriated could repurposed in the future. The Board was informed that in order to use the money for another purpose it would have to be reappropriated by the legislature.

Member Cummins reported that the Shmoop contract dovetails with the ACT contract and indicated that the ACT contract is for three years, but some of the accommodations requested have not been made. She suggested the Board sign a one-year contract to determine whether ACT will make the accommodations. Deputy Superintendent Jones informed that a three-year contract was solicited, but there is a clause that the Board can cancel after one year.

Charter School Task Force Report

Task Force Chair David Thomas reported on the work of the Charter School Task Force and recommendations from the Task Force.

MOTION was made by Vice Chair Thomas and seconded by Vice Chair Johnson that the Board accept the recommendations of the Charter School Task Force.

Recommendations are as follows:

1. Changes to Board Rule
 - a. Board rule should set up an application process applicable to all authorizers, including:
 - i. Minimum requirements for approval.
 - ii. Application to the authorizer.
 - iii. Evaluation of the application in accordance with Board rule by authorizer with technical assistance to applicants provided by the authorizer's staff.
 - iv. Approval, Approval with Conditions, or Denial by an Authorizer.
 - v. USBE consent to approval based on the authorizer's conformance with Board rule and statute.
 - b. Board rule should provide minimum requirements for future charter agreements between the authorizer and the charter school.
 - c. Board rule should provide that an amendment to a charter only need approval by the State Board if the amendment involves an increase in student enrollment or a student enrollment realignment by grade.
 - d. R277-481-3 should be amended to apply to all authorizers, not just the State Charter School Board.
 - e. Board rule should provide an annual review of each authorizer, including:

- I. Review of whether authorizers are monitoring and enforcing compliance with statute, Board rule, and the charter agreement.
 - ii. A report to the Governor and the Legislature with recommendations from the Board in cases of continuing non-compliance.
 - f. Board rule should provide a process for authorizers to issue warnings, probation, and termination of charters, subject to appeal to the Utah State Board of Education, including:
 - I. Standards and due process authorizers should follow.
 - ii. Probationary terms established by the authorizer.
 - iii. Probationary terms would not be an amendment to the charter agreement.
 - iv. USBE review should employ an "abuse of discretion" standard.
 - v. The roles of USBE staff and the authorizer's staff in the closing of a charter school.
 - g. Board rule should be amended to provide that charter agreements be maintained by the authorizer and accessible to the public online on the authorizer's and charter school's web sites.
 - h. An authorizer may request that the Board interrupt distribution of funds or impose fines for failure of a charter school to comply with the Board rule or statute to gain compliance with authorizer directives.
 - I. Board rule should include conflict of interest rules applicable to charter schools.
 - j. Board rule should be amended to replace "board directives" with "board rule."
2. Legislative Changes
 - a. The term, "meeting," in Section 53A-1a-518 should be clarified to reflect that it means: "the portion of the meeting where the employment decision or conflict is discussed," as opposed to the whole meeting.
 - b. Authorizer statutes should be harmonized to establish for all authorizers and allow the Board to establish an application process for all authorizers by rule.
 - c. Section 53A-1a-501 should be amended to contain the following language: "All charter authorizers, include the State Charter School Board, local school board and boards of trustees of a higher education institution, are required to develop and maintain chartering policies consistent with recognized principles and standards for quality charter authorizing in all major areas of authorizing responsibility. Such principles and standards shall be established by the State Board of Education and used to evaluate all charter authorizers annually."
 - d. Statute should clarify that the State Charter School Board is not a division of the Utah State Board of Education.
 - e. Amend Section 53A-1a-501.7(1)(a) to clarify that consent of the State Superintendent of Public Instruction should not be required for the appointment of the Executive Director of the State Charter School Board.
3. Other recommended actions—The Utah State Board of Education and the State Charter School Board should enter into a memorandum of understanding to clarify the roles of Board staff and Charter School Board staff in budgeting and office sharing.

MOTION was made by Vice Chair Johnson that the question be divided so that each recommendation be voted on separately. Without objection the question was divided.

Motion on Recommendation 1 carried unanimously.

Monthly Budget Report

Deputy Superintendent Scott Jones reviewed the assessment and mineral lease budgets. He reported that an estimate of \$1.5 million for mineral lease has been given. The Board budgeted \$1.3 million, which pays for payroll for positions and current expenses. Once the estimate was received the Board has made a concerted effort to move funded positions out of that source, but there are still some positions using this funding. He reminded the Board that even though \$1.5 million is incoming, the Board voted to use the carryforward from last year and additional carryforward for regional service centers.

Deputy Superintendent Jones reviewed the timeline for the office transitioning to the

FINET system. A valid and concerted effort is being made to get four aspects of the Board's financial systems into FINET.

Superintendent Jones also reviewed the discretionary fund.

MOTION was made by Vice Chair Johnson and seconded by Member Huntsman that the Board set aside \$1 million from statewide for the ERP.

Motion carried.

Utah Division of Occupational and Professional (DOPL) Interagency Agreement

Aaron Brough, Data and Statistics Coordinator, Whitney Phillips, Chief Privacy Officer, and Thalea Longhurst, Director of Career and Technical Education (CTE), reported on the proposed interagency agreement.

Ms. Phillips reported that as a requirement of the Perkins grant the Board is obligated to share data to track and monitor the effectiveness of the program with CTE. The agreement proposed today is for post-secondary matches. If post-secondary students are receiving a Perkins grant they also give consent to data matching to track them. The purpose of tracking is to determine whether the program is effective. There is currently no memorandum of understanding in place.

Ms. Phillips further reported concerns that the Perkins grant is disseminated and collected and monitored within the USBE Career and Technical Education section, which also manages the secondary program. Although social security numbers are not collected with secondary students, at the post-secondary level social security numbers are collected by the System of Higher Education (USHE) and Utah College of Applied Technology (UCAT). That information is given to USBE staff who provides it to DOPL.

Ms. Phillips outlined the following options regarding an agreement:

1. Maintain the status quo with no agreement in place, and do not share any data. The negative is that the Board will not have the data required by the Perkins grant to report federal funding so may be penalized.

2. Put a three-year interagency agreement in place that would allow for the continued practice of transferring adult social security numbers for matching purposes. The hope long

term is that the Utah Data Alliance would serve as a neutral party to share that information.

3. Ask USHE and UCAT to go through another entity to match their data with DOPL and Department of Workforce Services. A consequence with this option is that USHE and UCAT are financially rewarded, and therefore, there would not be checks and balances for the data, which could hurt the accuracy and reliability of the data received. Also, this option would work for next year, but not this year.

MOTION was made by Vice Chair Johnson and seconded by Member Huntsman that the Board adopt the interagency agreement.

Motion carried.

Board Policy 1002 - Rulemaking Procedures

Deputy Superintendent Angie Stallings reviewed the proposed policy which would put in place a different process for bringing rules to the Board.

MOTION was made by Member Belnap and seconded by Member Hansen that the Board approve Board Policy 1002.

Motion carried; Members Castle and Johnson absent.

Resolution on Principles for a New Accountability System

Deputy Superintendent Rich Nye gave background that at the time the Board's Accountability Task Force recommendations were presented to the Board, it was suggested there might need to be a resolution ahead of the legislative session to further emphasize the Board's position. The Education Interim Committee also adopted the recommendations which would give the Board a great deal of authority to establish in the rulemaking process the indicators and metrics and weighting of those. It appears there is now a greater push to have those elements codified, so a resolution has been prepared in response to the Board's initial suggestion. The resolution is largely based on the Task Force's initial recommendations, but also includes stakeholder feedback the Task Force has been receiving.

Member Hansen voiced that the recommendations do not include Utah's special needs students, and they need to be college and career ready as well. She indicated she is not in favor

of passing the resolution until it is inclusive of all our students. She expressed that it is not reasonable to have a requirement that requires the most severe students to accomplish a specific score on the ACT.

Member Cummins also expressed concern that all students have access to classes that will prepare them for the ACT and accommodations for those classes.

MOTION was made by Member Cummins and seconded by Member Moss that the Board adopt USBE Resolution 2016-5, *A Resolution Establishing the Official Position of the Utah State Board of Education on Principles for a New Accountability System*.

Motion carried, with Members Hansen and Warner opposed; Members Castle, Johnson and Stokes absent.

MOTION TO RECONSIDER was made by Member Cummins and seconded by Member Huntsman.

Motion to reconsider carried.

Dr. Nye distributed an updated draft resolution and reviewed changes that provide more inclusiveness.

MOTION was made by Member Hansen and seconded by Member Corry that the Board approve Resolution 2016-5, as amended.

Motion carried; Members Moss and Stokes absent.

Board Legislative Priorities

Deputy Superintendent Stallings reviewed motions the Board has passed concerning changes in legislation it will request during the upcoming legislative session: 1) Giving the Board authority to opt in or out of services under the Department of Administrative Services and Department of Human Resource Management; 2) giving the Board authority to have more flexibility in the policy functions relating to its employees, such as pay ranges, career service, hiring, training, and evaluation procedures; 3) removing the application date for service on UPPAC; 4) eliminating the accreditation requirement; 5) repurposing the appropriation set aside for ACT prep; 6) implementing the Charter School Task Force recommendations; 7) implementing Resolution 16-5 on accountability; 8) supporting a pilot for elementary

counseling.

MOTION was made by Vice Chair Johnson and seconded by Member Castle that the Board move the USDB Utah County building to No. 1 on the one-time funding priorities list.
