

HILLSDALE SCHOLAR

One who is determined to do their best in all they do. A student who is moving forward in the pursuit of a quality education and successful future for themselves.

WE NEED YOU!

Hillsdale Scholars have the best chance to succeed when families and schools work together. Only when our high-quality classroom instruction is combined with your support for learning at home will every Hillsdale Scholar reach his or her full potential.

READ WITH YOUR CHILD

DYAD, What is it?

DYAD is a strategy to support you reading side-by-side with your child.

How do you DYAD read?

- Share 1 book
- Sit side-by-side
- Track words smoothly with 1 finger
- Read aloud together
- Keep eyes on the words
- Don't read too fast, nor too slow
- Discuss unknown words
- Have fun reading together!

OUR MISSION

To develop socially responsible scholars who aspire to achieve their full potential. Our scholars will learn this through participating in an inclusive, compassionate, and rigorous learning community, in which equity and diversity are valued. Everyone is known, respected, and accepted.

HILLSDALE ELEMENTARY

HOME-SCHOOL COMPACT

SCHOOL ADDRESS:

3275 W 3100 S
West Valley City, UT 84119

ASSISTANT PRINCIPAL: Hanna Kozole
SECRETARY: Karen Godínez

Kinder

By the end of the year your Scholar should be able to:

1. Recognize and name letters and their sounds and use these skills to build words.
2. Recognize numbers 1-20 and count objects in groups up to 20.
3. Count to 100 by 1's.

You can help at home by:

- ❑ Using letter cards to practice letters & sounds and to build words.
- ❑ Finding letters and numbers in real-life.
- ❑ Counting & writing objects to 20 & counting to 100 w/ hundreds chart or while in the car, running errands, etc.

1st Grade

By the end of the year your Scholar should be able to:

1. Demonstrate fluency for addition & subtraction within 10.
2. Recognize 1st grade sight words.
3. Recognize all letter sounds to blend them into words.

You can help at home by:

- ❑ Playing math and sight word games and reading with your child each night.
- ❑ Counting and reading words and numbers in real-life.

2nd Grade

By the end of the year your Scholar should be able to:

1. Count to 1,000.
2. Ask & answer questions about key details in a text.
3. Answer basic 2nd grade math facts fluently.

You can help at home by:

- ❑ Count to 1,000 out loud and define each number's place value.
- ❑ Ask and answer questions about key details in a text.
- ❑ Add and subtract numbers to 100.

3rd Grade

By the end of the year your Scholar should be able to:

1. Identify the main idea/theme & key details of an informational or fiction text.
2. Be fluent in basic multiplication and division problems.

You can help at home by:

- ❑ Reading daily with your child and asking questions about the text.
- ❑ Practicing addition, subtraction, and multiplication facts using flash cards, card games, and dice games.

4-5th Grade

By the end of the year your Scholar should be able to:

1. Read on grade level, identifying the main idea and key details in a text.
2. Solve multiplication and division basic facts within 100 to solve word problems.
3. Learn about scientific phenomena for a better understanding of the world.

You can help at home by:

- ❑ Ensuring your child has a book on their level to read 20 minutes a day, asking them to summarize the main idea and key details after reading. Ask "who, what, when, where, why" questions.
- ❑ Practicing math facts 1-12 using flashcards or math games.
- ❑ Practicing real-life skills such as counting money, measuring, asking the time on the clock, etc.
- ❑ Ask your scholar to explain what they've learned in science and when they notice it in the world around them,

6th Grade

By the end of the year your Scholar should be able to:

1. Read on grade level, citing text evidence to demonstrate comprehension.
2. Make sense of real-world math problems and persevere in solving them.
3. Learn about scientific phenomena for a better understanding of the world.

You can help at home by:

- ❑ Ensuring your child has a book on their level to read 20 minutes a day. Ask them about what they are reading about.
- ❑ Encourage your child to use online learning and tutorial programs such as ReadWorks, Khan Academy, and i-Ready.
- ❑ Ask your scholar to explain what they've learned in science and when they notice it in the world around them,
- ❑ Communicate with your child often - asking how they feel, if they need support, and supporting their development of independence and feelings of well-being.
