Sponsors Announced for Utah Summer Meals for Children Program

SALT LAKE CITY – The Utah State Board of Education’s Child Nutrition Programs announced sponsors of the Summer Food Service Program or Seamless Summer Option. Sponsors are school districts, charter schools, or other community organizations throughout the state that host summer meals sites. Please contact them directly for additional information on meal types and service times. The information on this list is current as of May 22, 2024.

Summer meals site information can also be found online via the Summer Site Finder at <https://www.fns.usda.gov/meals4kids>, which is updated throughout the summer. Utah will update information on the Summer Site Finder in mid-May and mid-June.

Some sites are offering non-congregate meal service, meaning children may not have to be on site to pick up meals or remain on site to eat their meal. Non-congregate sites are indicated with an asterisk. You can see more details about meal service types on the summer site finder, or by contacting the site directly. For sites that have congregate meal service, children must remain on site to eat their meal.

Some non-congregate sites will allow a parent/guardian to pick up meals for children. In Utah, a parent/guardian is defined as “the individual(s) responsible for the care of the child(ren) on the day that they are picking up the meal for the child(ren).” It is important to note that this definition does not include childcare providers or other organizations, schools, or others that care for whole groups of

unrelated children formally enrolled in their care. Some sites may still require that children are present, even if a parent or guardian is picking up meals.

Please review the information in the Summer Site Finder for details about how each site works. Each site will have its own rules and policies in place. Site meal service styles may be different from one another. Please obey all site rules and be respectful to site staff members.
