## **Utah State Board of Education Announces Emergency Food Assistance Program Eligibility Requirements**

SALT LAKE CITY – The Utah State Board of Education, Child Nutrition Programs, and Utah Food Bank today announced household size and income criteria used for determining eligibility for The Emergency Food Assistance Program (TEFAP).

The Emergency Food Assistance Program is a federal program that helps supplement the diets of low-income Americans by providing them with emergency food assistance at no cost. The United States Department of Agriculture (USDA) provides 100% American-grown USDA Foods and administrative funds to states to operate TEFAP.

The information provided by the household is confidential and will be used only for the purposes of determining TEFAP eligibility. Households whose income is at or below 185% of the current year Federal Poverty Income Guidelines are eligible to receive donated foods for home consumption by self-declaration.

Household eligibility will be based on total household income not in excess of the State-established income levels. The Income Eligibility Guidelines (IEGs) are effective from July 1 through June 30 every year. The Income Eligibility Guidelines are also located online at <https://www.fns.usda.gov/cn/income-eligibility-guidelines>.

Automatic eligibility is given to clients who currently participate in one of the following programs:

- Supplemental Nutrition Assistance Program (SNAP);

- Medicaid;
- Free or Reduced-Price School Meal benefits; or
- Have a child enrolled in the Federal Head Start Program.
