

Innovation Proposal: Studio Art

Cedar Valley High School

Eagle Mountain, Utah

Contact: Mariah Benson

Email: mariahbenson@alpinedistrict.org

Proposed Innovation

This class focuses on designing artworks that are of professional quality and can be submitted to local art shows. Students will have the opportunity to be a part of the first-ever Eagle Mountain community art show. Students at CVHS who participate will have the opportunity to set up a booth at the art show event and sell professional quality prints of their artwork to the community.

Purpose and Potential

Students will learn what it takes to be successful as an artist and explore the challenges that will ultimately help them plan for their future as an independent artist after graduation. Getting the community involved will provide more opportunities for students to meet new people, and practice social skills and will give them real-world practice in the art realm.

Courses Include

an in-person classroom setting on campus in an A or B-day rotating schedule.

Student Outcomes

will be measured through formative and summative assessments to track growth measurements and student progress.

Funding

Grant funding will be used for the purchase and operation of classroom materials. Funding will also be used to support and operate an art show.

Under House Bill 386, Local Education Agencies can approve up to \$5,000 in grant funding for innovation programs. The innovation outlined here is one example that has been approved for implementation. Learn more at schools.utah.gov/ulead
